1. OPENING AND WELCOME

The Municipal Manager, Ms G Mettler, welcomed all present at the 19th Council meeting. She notified Council that the Speaker, Cllr WC Petersen (Ms) submitted an apology for leave of absence. In terms of Section 41 of the Structures Act, an Acting Speaker must be elected for the duration of the meeting.

In line with Rule 5.1.1 of Council’s Rules of Order By-Law, the Municipal Manager called for nominations for an Acting Speaker. Cllr PW Biscombe nominated Cllr Q Smit and Cllr F Adams nominated Cllr DD Joubert, but he (Cllr DD Joubert) declined. There were no other nominations, and Cllr Q Smit was duly elected as the Acting Speaker for the duration of the meeting.

The elected Acting Speaker, Cllr Q Smit, took the chair and presided over the meeting.

2. COMMUNICATIONS

2.1 MAYORAL ADDRESS

“Goeie dag, good day, molweni, as-salaam alaikum.

- Start off by saying Eid Mubarak to all our Muslim residents, councillors and officials who are celebrating Eid ul Adha. May this be a time of blessing, peace and happiness.

- Gemeenskap die afgelope twee weke geruk deur dood van jongmense in ons gemeenskap deur selfmoord asook deur bendegeweld.

- Hierdie gebeure raak nie net enkele inwoners in ons gemeenskap nie, maar het ‘n impak op ons almal.

- Namens die Raad, ons innige medelye aan die familie en vriende van die oorledenes.

- It has been reported this week that our average dam levels are now at 53% in the Western Cape versus last year’s 30%.

- This is fantastic news, and we are hoping for more rain in the coming weeks.

- Level 6B restrictions will however remain in place.

- As proclaimed in the Government Gazette, water restrictions will not be lifted until the dam levels reach 85%.

- Every resident must therefore continue to save water every day!

- Every drop counts!

- As you know, our town was recently shaken by illegal land occupation and protests.
A meeting between the Municipality, representatives of the Kayamandi community, the South African Human Rights Commission, the South African Police Service (SAPS) and the Sheriff of the Court took place on Monday, 13 August where an agreement was reached on the way forward.

All stakeholders resolved that differences must be set aside to find a way forward to the illegal occupation of the piece of private land. As a result of this agreement, the Municipality can continue service delivery to the residents of Kayamandi.

I have also talked with the business owners affected by illegal looting.

I am asking all parties to please cooperate with us as we continue to go forward and working together to find a solution.

We continue to talk and engage with stakeholders as the situation develops.

Hawelose en straatmense bly 'n kommerwekkende tendens.

Hierdie mense is weerloos en kan maklik slagoffers word van misdaad.

Hulle word ook maklik betrek by misdaad.

Om suksesvolle oplossings te vind om hierdie mense te help en die sosiale probleme wat daarmee gepaard gaan aan te spreek, beplan ons 'n beraad aan die einde van die maand.

Ons nooi alle rolspelers uit om by ons aan te sluit op 30 Augustus, sodat ons hierdie mense kan help en oplossings kan vind om die maatskaplike probleme aan te spreek.

Groepe of individue wat belangstel, kan Michelle Aalbers kontak vir meer inligting.

Vanaf 1 tot 7 September vier ons weer Boomplantweek.

Die algemene boom van die jaar vir 2018 is die Geelhoutboom.

Die rare boom vir hierdie jaar is die Witgatboom of Shepard’s Tree, soos hy in Engels bekend staan.

Wil inwoners aanmoedig om bome te plant. Bome is deel van Stellenbosch se identiteit.

Ons werk slimmer met ons bome en fokus op inheemse bome wat meer geskik is vir ons klimaat en gebruik waar nodig, gryswater om ons bome nat te lei.

You would have seen the posters for Casual Day on 7 September

This is a national fundraiser for people with disabilities and takes place annually.

The theme for this year is Everyday Super Heroes (Like teachers, policemen, firemen etc).

I want to encourage all councillors, officials and residents to please buy a sticker at any of the participating outlets and support the charity

All the funds go to help people with disabilities.
• Stickers are available at various offices in the municipality (including my own) as well as at shops display the Casual Day sign.

• Wear your sticker on Casual Day and dress up like your favourite everyday superhero.

• Vrouemaand is amper verby maar ek hoop u het almal Vrouedag en Maand gevier.

• Vrouedag is ‘n herdenking van die 1956 optog deur vroue na die Uniegebou, in protest teen die paswette van die apartheidsregering.

• Amerikaanse skrywer, RS Grey het die volgende van die krag van vroue gesê: She believed she could, so she did.

• Gedurende die vele Vrouedagviering, het ek weereens besef hoe ver ons al gekom het, maar ook hoe ver ons nog moet gaan.

• Ek Wil tog al ons vroue aanmoedig om op te staan en hul stem te verhef teen enige diskriminasie wat hul mag ervaar. Ons het ‘n verantwoordelikheid om rolmodelle te wees vir ons dogters en die vroue van meer.

“Thank You.”

### 2.2 COMMUNICATION BY THE SPEAKER

- The Acting Speaker congratulated all Councillors who celebrated and will celebrate their birthdays during August.

- An All Wards Councillors’ Committee Meeting will be held on 2018-08-30 in the Council Chamber at 10:00. It is imperative for Ward Councillors to attend this meeting.

- Additional Item 8.2.2 ROLL-OVER ADJUSTMENTS BUDGET FOR 2018/2019, will be dealt with after item 7.4.1 on the Agenda to cluster items together.

### 2.3 COMMUNICATION BY THE MUNICIPAL MANAGER

- On behalf of the Administration, the Municipal Manager wished all the Muslim citizens, staff members and Councillors a blessed Eid Mubarak.

- She wished all women a happy Women’s Month and read a quote: “Still I’ll Rise” by the Poet, Maya Angelou, encouraging all women to rise and take up their role in society.

- The Municipal Manager urged Councillors to ensure that they are registered for SASRIA. Forms in this regard were distributed to Councillors present for completion.

- Stellenbosch Municipality spent 100% of the MIG funding.

Collaborator No: 600950
IDP KPA Ref No: 
Meeting Date: 08 August 2018

1. SUBJECT: POSSIBLE DISPOSAL OF A PORTION OF PORTION 15 OF FARM 292 (NOW KNOWN AS ERF 16489), STELLENBOSCH

2. PURPOSE

To obtain Council’s approval for the possible disposal of a portion of Portion 15 of Farm 292, Stellenbosch, for educational purposes.

3. DELEGATED AUTHORITY

FOR DECISION BY MUNICIPAL COUNCIL.

The Municipal Council must decide on the disposal of Municipal Land in terms of the Asset Transfer Regulations.

4. EXECUTIVE SUMMARY

Rhenish Girls High School is utilising a portion of Portion 15 of Farm 292 (Public Street) for a hockey field in terms of a Lease Agreement. The Provincial Department of Transport and Public Works has now requested that the subject property be transferred to them for educational purposes.
RESOLVED (majority vote)

(a) that the portion of Portion 15 of Farm 292, measuring approximately 9080m², as indicated as ABCD in Fig 3, be identified as land not needed for the provision of the minimum level of basic municipal services and to be surplus to the requirements of the Municipality, as required by regulation 20 (f) (i) of the Asset Transfer Regulations;

(b) that the property be transferred to the Provincial Government of the Western Cape at no cost, seeing that no compensation was paid (historical cost) when the property was transferred to Stellenbosch Municipality by the Provincial Government (vesting transfer) and taking into account the community benefit (gain) should the property be developed as envisaged, as provided for in regulation 20 (f) (ii) of the Asset Transfer Regulation, subject to the following conditions:

(i) that the property only be used for educational purposes;

(ii) that the Provincial Government of the Western Cape be responsible for the subdivision and rezoning of the land to educational purposes, at their cost;

(iii) that the area as depicted on APPENDIX E as parking area, be developed as a public parking area;

(iv) that, should the proposed development require any upgrading to existing bulk infrastructure, that such upgrading be for the account of the Provincial Government, at the then applicable tariffs;

(v) that no potable water be used to fill or top-up any of the (to be constructed) swimming pools, and that the school must use its existing ground-water source for this purpose.

(c) that Council’s intention to dispose of the property at no charge to the Provincial Government of the Western Cape for educational purposes, be advertised for public comment/inputs/objections; and

(d) that, any comments/inputs/objections be considered by Council before making a final decision.

The following Councillors requested that their votes of dissent be minuted:

Cllr F Adams; GN Bakubaku-Vos (Ms); DA Hendrickse; LK Horsband (Ms); MD Oliphant; N Sinkinya (Ms); P Sitshoti (Ms) and LL Stander.

1. SUBJECT: STELLENBOSCH MUNICIPALITY AIR QUALITY BY-LAW

2. PURPOSE

The Stellenbosch Municipality Air Quality By-Law (June 2018) (ANNEXURE A) has been prepared to give effect to the right contained in Section 24 of the Constitution of the Republic of South Africa, 1996, by controlling air pollution within the area of the municipality’s jurisdiction as well as to ensure that air pollution is avoided, or where it cannot be altogether avoided, minimized and remedied. Following a process of public participation the purpose of this item is to request Council to adopt the attached By-law.

3. DELEGATED AUTHORITY

(FOR DECISION BY MUNICIPAL COUNCIL AND EXECUTIVE MANAGEMENT)

There is no clear delegation in the current System of Delegations dated 2015/05/01 for this item. Stellenbosch Municipality has, however, defined obligations as contained in the National Environmental Management: Air Quality Act, 39 of 2004, to:

a) Compile an Air Quality Management Plan (AQMP)

b) Designate an Air Quality Officer (AQO)

c) Report on the implementation of the AQMP

In terms of the Constitution of the Republic of South Africa, 1996, Section 156, a municipality has executive authority in respect of, and has the right to administer -

i. local government matters listed in Part B of Schedule 4 and Part B of Schedule 5; and

ii. any other matter assigned to it by national or provincial legislation.

Schedule 4, Part B, referred to above include air pollution.

4. EXECUTIVE SUMMARY

The Stellenbosch Municipality Air Quality By-Law (June 2018) has been prepared to give effect to the right contained in Section 24 of the Constitution of the Republic of South Africa, 1996 by controlling air pollution within the area of the municipality’s jurisdiction as well as to ensure that air pollution is avoided, or where it cannot be altogether avoided, minimized and remedied.

The need for the proposed By-law (regulatory framework) has been identified in the Air Quality Management Plan (2013) of Stellenbosch Municipality.
The Draft Stellenbosch Municipality Air Quality By-Law was advertised in the Eikestad News on the 26th of April 2018, inviting written comment by 31 May 2018. In addition hard copies of the above document were made available at the advice centers in both Stellenbosch and Franschhoek as well as libraries in both Stellenbosch and Franschhoek.

Apart from requests to provide clarity on some aspects of the above proposed By-law, no comment on the content or proposed amendments to the document was received.

Following the above process of public participation the above document is now brought to Council for adoption as the Stellenbosch Municipality Air Quality By-Law.

19TH COUNCIL MEETING: 2018-08-22: ITEM 7.3.1

RESOLVED (majority vote with 1 abstention)

that Council approves the Draft Stellenbosch Municipality Air Quality By-Law (June 2018) and adopts it as the Stellenbosch Municipality Air Quality By-Law.

1. SUBJECT: STELLENBOSCH MUNICIPALITY NOISE CONTROL POLICY

2. PURPOSE

The Stellenbosch Municipality Noise Control Policy (July 2018) (ANNEXURE A) relating to the implementation of the Provincial Noise Control Regulations PN 200/2013 has been prepared. Following a process of public participation the purpose of this item is to request Council to adopt the attached policy.

3. DELEGATED AUTHORITY

(FOR DECISION BY MUNICIPAL COUNCIL AND EXECUTIVE MANAGEMENT)

There is no clear delegation in the current System of Delegations dated 2015/05/01. However, Section C (e) Environmental Management, of the above System of Delegations, Item 392, makes provision for certain aspects (Noise Impact Assessments and Exemptions) as contained in the Provincial Cape Noise Control Regulations.

4. EXECUTIVE SUMMARY

The Stellenbosch Municipality Noise Control Policy (July 2018) has been prepared to regulate the internal implementation of the Provincial Noise Control Regulations PN 200/2013.

The need for such a policy is borne from the fact that various municipal departments deal with different aspects of noise control. The Policy will clearly direct all relevant departments as to its function in dealing with the issue of noise and noise complaints.

RESOLVED (majority vote with 1 abstention)

that Council approves the Draft Stellenbosch Municipality Noise Control Policy (July 2018) and adopts it as the Stellenbosch Municipality Noise Control Policy.

1. **SUBJECT:** REVISED STRATEGIC RISK REGISTER 2018/19 FINANCIAL YEAR WITH RISK APPETITE

2. **PURPOSE**

   To submit the Revised Strategic Risk Register for the 2018/19 financial year for approval by the Council to establish the inherent risk exposure and risk appetite for Stellenbosch Municipality.

3. **DELEGATED AUTHORITY**

   For approval by Council.

4. **EXECUTIVE SUMMARY**

   Corporate Governance best practice as well as the Municipal Finance Management Act (MFMA), Act 56 of 2013, requires municipalities to have an effective risk management mechanism to stay abreast of prevalent risks and to determine the risk appetite. Inherent risk exposure means impact in relation to likelihood of a risk occurring. Risk appetite means the amount (level) of risk a municipality is willing to accept. Municipalities are required to formally assess risk annually to determine the risk appetite and decide on the appropriate risk appetite for the municipality. To ensure effectiveness, a municipality must focus its attention and resources on the areas of most significant risk and concern to stakeholders. The risk assessment process is therefore a fundamental element of the risk management process.

   The principal aims of the risk assessments process are to:

   - Identify the risks threatening the achievement of the IDP’s objectives of each directorate;
   - Assess the key risks facing the directorate; and
   - Identify the processes / functions / directorates / persons which the municipality and top management rely upon to manage the identified risks.
   - Align the mentioned process with processes as established by provincial and national government as communicated to the municipality.

   The Strategic Risks as well as the operational risks that were identified, discussed in detail by senior management on 26 June at the Risk Management Committee, and further workedshopped on 10 July 2018 to finalise and approve the municipal strategic risk appetite. In terms of the COSO Integrated Framework (National Treasury Enterprise Risk Management Framework), defines risk appetite as the amount of risk an organisation is broadly willing to accept in pursuit of value. Risk appetite guides resource allocation and assists in aligning the organisation, people and processes.
The inherent risk exposure was calculated at 15, which is considered as moderate. A score of 9 to 15 is considered moderate. The risk appetite Stellenbosch is willing to accept is 12. This means the current risk exposure needs to be actively managed to reduce the acceptance level.

19TH COUNCIL MEETING: 2018-08-22: ITEM 7.9.1

RESOLVED (majority vote)

that Council approves the Strategic Risk Register and the Risk Appetite as mutually agreed to by the senior management of the municipality.

The following Councillors requested that their votes of dissent be minuted:

Cllrs F Adams and LK Horsband (Ms).

1. SUBJECT: IDP/BUDGET/SDF PROCESS PLAN (TIME SCHEDULE) TO GUIDE THE PLANNING, DRAFTING, ADOPTION AND SECOND REVIEW OF THE FOURTH GENERATION INTEGRATED DEVELOPMENT PLAN FOR 2017/18 – 2021/22

2. PURPOSE

To table the following to Council for consideration: The Time Schedule of key deadlines for the Integrated Development Plan (IDP), Budget and Spatial Development Framework (SDF) processes. The Time Schedule guides the planning, drafting and adoption of the IDP (2017/18 – 2021/22).

3. DELEGATED AUTHORITY

FOR DECISION BY MUNICIPAL COUNCIL.

4. EXECUTIVE SUMMARY

Section 21 (1) of the Municipal Finance Management Act states that the Mayor of the Municipality must-

(b) at least 10 months before the start of the budget year, table in the municipal council a time schedule outlining key deadlines for—

(i) the preparation, tabling and approval of the annual budget;

(ii) the annual review of—

(aa) the integrated development plan in terms of section 34 of the Municipal Systems Act; and

(bb) the budget related policies.

(iii) the tabling and adoption of any amendments to the integrated development plan and the budget-related policies; and

(iv) any consultative processes forming part of the processes referred to in subparagraphs (i), (ii) and (iii).

The IDP Process Plan is compiled in terms of Sections 28 and 29 of the Municipal Systems Act, No 32 of 2000.

Section 28 specifies that:

“(1) Each municipal council must adopt a process set out in writing to guide the planning, drafting, adoption and review of its IDP.

(2) The municipality must through appropriate mechanisms, processes and procedures established in terms of Chapter 4, consult the local community before adopting the process.

(3) A municipality must give notice to the local community of particulars of the process it intends to follow.”
Section 29(1) further requires that:

The process “must—
(a) be in accordance with a predetermined programme specifying timeframes for the different steps;
(b) through appropriate mechanisms, processes and procedures established in terms of Chapter 4, allow for—
   (i) The local community to be consulted on its development needs and priorities;
   (ii) The local community to participate in the drafting of the integrated development plan; and
   (iii) Organs of state, including traditional authorities, and other role players to be identified and consulted on the drafting of the integrated development plan.
(c) provide for the identification of all plans and planning requirements binding on the municipality in terms of national and provincial legislation; and
(d) be consistent with any other matters that may be prescribed by regulation.

(2) A district municipality must-
(a) plan integrated development for the area of the district municipality as a whole but in close consultation with the local municipalities in that area:
(b) align its integrated development plan with the framework adopted in terms of section 27; and
(c) draft its integrated development plan, taking into account the integrated development processes of, and proposals submitted to it by the local municipalities in that area.

(3) A local municipality must-
(a) align its integrated development plan with the framework adopted in terms of section 27; and
(b) draft its integrated development plan, taking into account the integrated development processes of, and proposals submitted to it by the district municipality.”

19TH COUNCIL MEETING: 2018-08-22: ITEM 7.9.2

RESOLVED (majority vote with abstentions)

(a) that Council notes and adopts the IDP, Budget and SDF Time Schedule of key deadlines to guide the planning, drafting, adoption and review of the Stellenbosch Second Revision of the Fourth Generation Integrated Development Plan (2017/18 – 2021/22) ; and

(b) that the Time Schedule be placed on the official website of the municipality, municipal notice boards and libraries, notifying the public of the planned process.

4. EXECUTIVE SUMMARY

Council considered a report in regard to the future of the Millstream Corridor on 28 March 2018.

Council resolved as follows on that occasion:

“RESOLVED (majority vote)

(a) that Stellenbosch Municipality commences with a public participation process, requesting the public to give their input on the future use of Erf 1771, in particular what the public would like to see with regard to the use thereof;

(b) that the Municipality obtains a legal opinion on its rights and obligations in terms of Erf 1771, if and when it is deemed necessary; and

(c) that the Municipal Manager be authorised to submit a plan on the best public use and aesthetics, and if necessary, to appoint a specialist(s) to assist in this regard.”
A notice was published in a local newspaper, soliciting inputs from the public and affected parties.

A number of comments/inputs were received and will be provided to Council as part of the report that will include the proposals on “a plan on the best public use and aesthetics”.

Administration was requested by the Municipal Manager to appoint a specialist to advise her, as per the council resolution. A legal opinion must however first be obtained in regard to the rights of the Municipality and possible rights of land owners as that would influence any proposal on the plan. Both these processes are in process, taking into account the following aspects:

- The historical context;
- Inputs received as a consequence of the notice;
- Practical/functional issues;
- Security issues; and
- Aesthetics

The Department is in the process of appointing such person(s).

19th Council Meeting: 2018-08-22: Item 7.9.2

11. CONSIDERATION OF URGENT MOTIONS

12. URGENT MATTERS SUBMITTED BY THE MUNICIPAL MANAGER

12.1 REPLACEMENT OF MEMBER OF THE RULES- AND THE APPEALS COMMITTEE AND REPLACEMENT OF MEMBERS ON THE DISCIPLINARY COMMITTEE

Collaborator No:  
IDP KPA Ref No: Good Governance and Compliance  
Meeting Date: 22 August 2018

1. SUBJECT: REPLACEMENT OF MEMBER OF THE RULES- AND THE APPEALS COMMITTEE AND REPLACEMENT OF MEMBERS ON THE DISCIPLINARY COMMITTEE

2. PURPOSE

To replace a member of the Rules Committee as well as the Appeals Committee and to replace members on the Disciplinary Committee.

3. DELEGATED AUTHORITY

Council

4. EXECUTIVE SUMMARY

Council establish committees to assist the municipal council (section 79 of Municipal Structures Act, Act 117of 1998). Council established the following section 79 committees on 16 February 2017:

Rules Committee – item 5.2.1  
Disciplinary Committee – item 5.2.2  
Appeals Committee – item 5.2.3

Councillor DD Joubert, as the Speaker at the time was appointed as the chairperson of both the Rules Committee and the Appeals Committee. Councillor Joubert resigned as Speaker and it is recommended that the elected Speaker, Councillor WC Petersen replace Councillor Joubert as the chairperson, she is a member of the committee already. Councillor WC Petersen served on the committee as single whip of Council and it is recommended that the newly elected single whip, Councillor PW Biscombe, replace Councillor Joubert as a member of the Rules Committee.

Council established an Appeals Committee and inter alia appointed Councillor DD Joubert as a member of the committee and appointed him, as the then Speaker, as the chairperson of the Committee. Following the resignation of Councillor Joubert as Speaker the new elected Speaker should replace Councillor Joubert on the Appeals Committee as a member and as the chairperson.
Council established a Disciplinary Committee and inter alia appointed Councillor WC Petersen as a member of the committee. Councillor WC Petersen has been elected as Speaker on 30 July 2018, after the resignation of Councillor DD Joubert. The Speaker, as the chairperson of Council, receives complaints against councillors and must investigate the facts and circumstances of such complaints before referring the matters to Council or the Disciplinary Committee for investigation (or not). The Speaker can therefore not serve on the Disciplinary Committee as a member as it creates a conflict of interest. Councillor LM Maqeba resigned as a Councillor and was replaced by Councillor LL Stander. The ANC needs to nominate a Councillor to replace Councillor Maqeba as a member on the Disciplinary Committee. Councillor DS Arends resigned as a Councillor and was replaced by councillor G Cele.

5. RECOMMENDATIONS:

(a) that Council appoints Councillor WC Petersen (Speaker) as the chairperson of the Rules Committee;

(b) that Council replaces Councillor DD Joubert as a member of the Rules Committee with the newly elected Single Whip, councillor P W Biscombe;

(c) that Council replaces Councillor DS Arends as a member of the Rules Committee with Councillor G Cele (Ms);

(d) that Council replaces Councillor DD Joubert as a member of the Appeals Committee with Councillor WC Petersen (Ms);

(e) that Council appoints Councillor WC Petersen (Ms) (Speaker), as the Chairperson of the Appeals Committee;

(f) that Council replaces Councillor WC Petersen (Ms) as a member of the Disciplinary Committee with Councillor Esther Groenewald (Ms); and

(g) that Council replaces Councillor LM Maqeba with a councillor nominated by the ANC as a member of the Disciplinary Committee.

6. DISCUSSION / CONTENTS

6.1. Background

Council established Section 79 Committees on 16 February 2017 to assist Council with its functions. Council appointed members of the committees. With changing circumstances, it has become necessary to replace some of the members on the committees.

6.2 Discussion

Council established the Rules Committee through a resolution on 16/02/2017. Council inter alia resolved:

(a) that Council establishes a Rules Committee in accordance with Section 79 of the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998);

(b) that the composition of the Rules Committee be a total of 6 members of which the DA has 4 members and the Opposition has 2 members;

(c) that Council appoints the following councillors to serve on the Rules Committee:
Councillor DD Joubert resigned as Speaker and Councillor WC Petersen was elected as Speaker. Council also elected a new single whip when Councillor WC Petersen was elected as Speaker namely Councillor Biscombe. It is recommended that he replaces Councillor Joubert as a member of the Rules Committee. Councillor DS Arends resigned as a Councillor and was replaced by councillor G Cele.

Council established an Appeals Committee on 16/02/2017 and resolved inter alia the following:

“(a) that Council establishes an Appeals Committee in accordance with Section 79 of the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998);
(b) that the composition of the Appeals Committee be a total of 5 members of which the DA has 3 members and the Opposition has 2 members;
(c) that Council appoints the following councillors to serve on the Appeals Committee:

DA (3) : Cllr MB de Wet
: Cllr DD Joubert
: Cllr Q Smit

Opposition (2 ) : Cllr GN Bakubaku-Vos (ANC)
: Cllr MD Oliphant ANC)

(d) that Council appoints the Speaker Cllr Donovan Joubert as Chairperson for the Appeals Committee;”

With the resignation of Councillor Joubert as Speaker and his nomination on the District Council it is recommended that he be replaced with the newly elected Speaker, Councillor WC Petersen.

Council established a Disciplinary Committee and inter alia resolved as follows:

“(a) that Council establishes a Disciplinary Committee in accordance with Section 79 of the Local Government: Municipal Structures Act, 1998 (Act No. 117 of 1998);
(b) that the composition of the Disciplinary Committee be a total of 5 members of which the DA has 3 members and the Opposition has 2 members;
(c) that Council appoints the following councillors to serve on the Disciplinary Committee:

DA (3) : Cllr MB de Wet
: Cllr WC Petersen
: Cllr Q Smit

Opposition (2): Cllr LM Maqeba (ANC)
Cllr N Sinkinya (ANC)

(d) that Council appoints Cllr Marnes De Wet as Chairperson for the Disciplinary Committee;”
Councillor WC Petersen has been elected as Speaker on 30 July 2018 after the resignation of Councillor DD Joubert as Speaker. The Speaker, as the chairperson of Council, receives complaints against councillors and must investigate the facts and circumstances of such complaints before referring the matters to Council or the Disciplinary Committee for investigation (or not). The Speaker can therefore not serve on the Disciplinary Committee as a member as it creates a conflict of interest and should be replaced as a member. Councillor LM Maqeba resigned as a Councillor and was replaced by Councillor LL Stander. The ANC needs to nominate a Councillor to replace Councillor Maqeba as a member on the Disciplinary Committee.

6.3 **Financial Implications**

No additional financial impact.

The Government Gazette relating to the Determination of Upper Limits of Salaries, Allowances and Benefits of different members of Municipal Councils, determines that a chairperson of Section 79 Committee is entitled to the payment as determined in the upper limits.

Councillor WC Petersen is a Full-time Councillor in her capacity as Speaker and will therefore not receive additional remuneration as Chairperson of the Rules Committee or the Appeals Committee.

The only councillor who receives additional payment for his role as chairperson of a section 79 committees is the chairperson of the Disciplinary Committee.

6.4 **Legal Implications**

Council establishes the section 79 Committees and appoints the members of the committees and may therefore at any time replace members on the committees when necessary.

6.5 **Staff Implications**

No staff implications.

6.6 **Previous / Relevant Council Resolutions**

Council resolution on 16 February 2017:

Rules Committee – item 5.2.1

Disciplinary Committee – item 5.2.2

Appeals Committee – item 5.2.3

6.7 **Risk Implications**

Council must ensure that the members appointed to serve on the section 79 committees are updated when necessary to ensure their optimal functioning.

6.8 **Comments from Senior Management**

The item was not circulated for comment.
19TH COUNCIL MEETING: 2018-08-22: ITEM 12

The item was distributed in the meeting and the Acting Speaker, Cllr Q Smit allowed a short break to allow Councillors an opportunity to peruse the document.

When the meeting resumed, the ANC informed the Acting Speaker that they needed more time (by 2018-08-29) to nominate a member from the ANC to serve on the Disciplinary Committee.

RESOLVED (nem con)

(a) that Council appoints Councillor WC Petersen (Speaker) as the Chairperson of the Rules Committee;

(b) that Council replaces Councillor DD Joubert as a member of the Rules Committee with the newly elected Single Whip, councillor P W Biscombe;

(c) that Council replaces Councillor DS Arends as a member of the Rules Committee with Councillor G Cele (Ms);

(d) that Council replaces Councillor DD Joubert as a member of the Appeals Committee with Councillor WC Petersen;

(e) that Council appoints Councillor WC Petersen (Ms) (Speaker) as the chairperson of the Appeals Committee;

(f) that Council replaces Councillor WC Petersen as a member of the Disciplinary Committee with Councillor Esther Groenewald (Ms); and

(g) that Council replaces Councillor LM Maqeba with a councillor nominated by the ANC (by 29 August 2018) as a member of the Disciplinary Committee.

Collaborator No:
File No: 3/3/6/7 X 4/12/3/3
IDP KPA Ref No: Good Governance / Institutional Development
Meeting Date: 12 September 2018

1. SUBJECT: REVISED EMPLOYEE BURSARY POLICY (INTERNAL) FOR THE STELLENBOSCH MUNICIPALITY

2. PURPOSE
To obtain approval for the implementation of the revised Employee Bursary Policy (Internal).

3. DELEGATED AUTHORITY
The delegated authority for the approval of policies is Council.

4. EXECUTIVE SUMMARY
At present, the Stellenbosch Municipality has an existing Study Bursary Scheme Policy Document. The policy has been revised by the Training Committee on Wednesday, 25 July 2018, and will be termed the Employee Bursary Policy (Internal).

The initial Study Bursary Scheme Policy Document was approved during April of 2001 and is out-dated; hence the review of same. See ANNEXURE 1.

The revised policy was consulted at the Human Resources sub-committee and approved by the LLF.

The Revised Bursary Policy is attached as ANNEXURE 2.

5. RECOMMENDATION
that the revised Employee Bursary Policy (Internal) be supported and submitted to Council for approval.
6. DISCUSSION / CONTENTS

6.1 Background

This revised Employee Bursary Policy (Internal) serves as an updated approach for the Municipality to achieve its human resource capacity-building objectives.

6.2 Discussion

The user department is required to review the existing policy to ensure that the policy provisions remain compliant with applicable legislative prescripts and to provide clear and proper guidelines to all Employees within the Stellenbosch Municipality.

At present, the Stellenbosch Municipality has an existing Study Bursary Scheme Policy Document. The policy has been revised by the Training Committee on Wednesday, 25 July 2018 and will be termed the Employee Bursary Policy (Internal).

The initial Study Bursary Scheme Policy Document was approved during April of 2001 and is out-dated; hence the review of same. See ANNEXURE 1.

The draft Revised Bursary Policy served at the Training Committee and was discussed at the meeting.

The Revised Bursary Policy is attached as ANNEXURE 2. The main changes to the policy is that Council will provide a bursary to employees upfront and not as a repayment of studies after they have completed a year. The Municipality will require employees to sign a counter performance agreement to work for the municipality for at least a period equal to the studies that were funded. The changes will enable employees to study without having to pay from their own pockets, unless they do not pass the subjects/courses.

6.3 Financial Implications

As per the approved budget.

6.4 Legal Implications

The recommendations comply with legislation.

6.5 Staff Implications

The employees will be able to study without having to pay from their own pockets, as long as they pass their studies.

6.6 Previous / Relevant Council Resolutions

Approval of previous policy in April 2001.

LOCAL LABOUR FORUM MEETING: 2018-07-30: ITEM 7.1

RESOLVED

(a) that the revised Employee Bursary Policy (Internal) from the Training Committee be supported by the Local Labour Forum; and

(b) that the revised Employee Bursary Policy be referred to MAYCO and Council for approval.
6.7 **Risk Implications**

The counter performance agreement that the employee must sign ensures that the Municipality’s rights are protected.

6.8 **Comments from Senior Management**

Comments from the Management Team solicited at a Management meeting have been incorporated.

**RECOMMENDATION FROM THE EXECUTIVE MAYOR, IN CONSULTATION WITH THE EXECUTIVE MAYORAL COMMITTEE, TO COUNCIL: 2018-09-12: ITEM 5.2.1**

that the revised Employee Bursary Policy (Internal) be supported and submitted to Council for approval.

ANNEXURE 1

Existing Study Bursary Scheme Policy Document
Stellenbosch Municipality

Study Bursary Scheme – Policy Document

1. **Bursary Allocation:**

1.1 Bursary allocations will be done according to the approved system of delegations as it may change from time to time and according to the rules of the study bursary scheme set out below.

2. **Funding**

2.1 An amount is approved annually on the Municipality’s operating budget.

2.2 All allocations are made out of this budgeted amount.

2.3 The budgeted amount may not be exceeded.

3. **Distribution and allocation of available funds:**

3.1 Groups in order of priority:

   **Group A:** Secondary education: Scholastic education (e.g. Matric or Grade 12), technical training (N1 – N3 including artisan training), literacy training, ABET levels 1-3 including language ability useful in the work environment.

   **Group B:** Tertiary education: Post-school education eg degree, diploma, technical training (N4 and further), courses.

   **Group C:** Post graduate or post diploma: Honours, B.Tech, Doctoral, Masters, NHD, post-graduate diploma.

3.2 Studies aimed at the employee’s present career and which will lead to a proper/complete qualification, will receive preference.

4. **Permissible studies**

4.1 Any field of study is permissible for employees for the purpose of this scheme, provided that:

   a) the studies are directly related to an acknowledged career path at Stellenbosch Municipality.

   b) The studies could be used to improve an employee’s present position, or to promote himself/herself (i.e. a clerk can study to become an accountant, but an accountant cannot study to become a clerk).
5. Educational institutions

5.1 For the purpose of the scheme studies may only be undertaken at accredited institutions such as Universities, Technical Colleges, schools, training centres, etc.

5.2 For the purpose of this scheme, no studies at institutions outside South-Africa will be allowed.

5.3 The Bursary committee has the authority to make rulings on whether an institution should be an approved institution for the purposes of this scheme.

6. Only permanent employees of the Stellenbosch Municipality qualifies for this scheme. The person must be in the employ of the Municipality during the relevant study year and during the allocation of the bursaries.

7. Study costs

7.1 The following expenses for enrolled and successfully completed subjects could be paid by the scheme:

a) Class fees (lecture fees)
b) Registration fees
c) Examination fees
d) Fees for prescribed books

These fees also determine the maximum benefit per student.

7.2 The Municipality will only pay once for a specific expense.

8. Operation of the scheme

8.1 The employee pays for the studies himself/herself.

8.2 The HR Section annually sends out notices to invite staff to apply for a bursary by a certain closing date.

8.3 The employee applies before the closing date mentioned in 8.2 for a study bursary for courses/subjects successfully completed in the previous calendar year.

8.4 Bursary applications must be accompanied by relevant study results, proof of registration as well as proof of fees paid (including receipts and actual study costs).

8.5 The Bursary Committee considers all bursary applications after the closing date. Allocations for bursaries will preferably take place soon after the end of a calendar year as would be fair for the obtaining of examination results.

8.6 Allocated bursaries will be paid to the employee.

8.7 Annual bursary payments will be made according to this policy for subjects/courses completed in the previous year, i.e. examinations written and passed in the previous calendar year. Partial or no payments could occur because of a lack of funds or prioritization determined in paragraphs 3.1 and 3.2.
8.8 The allocation of a bursary does not guarantee the employee of any further bursary allocations in following years, even if studies in following years would be completed successfully.

9. Counter performance by employee

9.1 The employee must render service to the Municipality as counter performance for the Municipality’s contribution to the employee’s studies. This counter performance is applicable if more than 50% of the study amount for which a bursary application for the relevant year was made, is paid.

9.2 The period of counter performance is linked to the duration of studies and not to amounts paid for bursaries.

   a) For studies usually enrolled for a period of 12 months (or academic year) – 12 months.

   b) For studies usually enrolled for a period less than 12 months (or academic year) – the applicable period.

9.3 The period of counter performance starts immediately after the completion of the studies.

9.4 In case of an employee leaving the employ of the Municipality (for any reason whatsoever) before the period of counter performance expires, a repayment must be made by the employee to the Municipality. This repayment amount will be determined pro rata according to the remainder of the period of counter performance. If a person eg. Leaves the employ of the Municipality after eight of the 12 months of counter performance have expired, he/she must repay one third of the bursary amount. This amount is immediately payable.

9.5 Employees to whom bursaries are paid out, must be notified in writing at the time of the bursary payment, of their obligation of counter performance to the Municipality.

This document is valid for the payment of bursaries for studies undertaken after 31 December 1999.

1. INTRODUCTION

1.1 The Employee Bursary Policy acknowledges that training is critical for the development needs of the Stellenbosch Municipality human capital. The Employee Bursary Policy intends to focus on part-time studies towards a formal qualification.

2. PURPOSE AND OBJECTIVES

2.1 Enabling full-time and long-term contractual employees to undergo formal part-time study, by means of financial assistance in the form of a bursary to enable employees to better qualify themselves for posts on the staff establishment and to facilitate personnel development and career pathing.

2.2 Identifying expertise that the Municipality has a need for and to develop this to the benefit of the Municipality to ensure higher quality employees; and

2.3 Enables the Municipality to grant study aid to employees in order to obtain approved qualifications at a recognised educational institution.

2.4 Assist employees in addressing the shortages of skills and empowering them with knowledge.

2.5 Develop employees to their maximum proficiency to meet the needs of the Municipality.

3. SCOPE AND APPLICATION

3.1 This policy shall apply to full-time and long-term temporary contract employees of Stellenbosch Municipality, wishing to pursue studies in order to develop themselves, comply with provisions imposed on the employee by the employer that has not been funded through the workplace skills plan.
4. DEFINITIONS

In this policy, unless the context otherwise indicates –

“Academic period” means the duration of a course for a degree, diploma or certificate or any portion thereof consisting of a specific number of subjects or modules to be completed within a fixed period as determined by the educational institution.

“Academic year” means the applicable current year during which the Bursar studies towards obtaining the course/qualification.

“Approved Qualification” means a degree, diploma, certificate or equivalent qualification accredited with South African Qualification Authority (SAQA) in an approved field of study as reflected on the Municipality’s list of approved study courses, PROVIDED it is presented at a Registered Educational Institution.

“Approved Field of Study” means a field of study that shall have a bearing upon and be applicable to the activities of local government as determined by the Municipality.

“Course/qualification” means the Degree/ Diploma/ Certificate referred to below in respect of which the bursary is granted to the Bursar at an approved institution.

“Council” means the Council of Stellenbosch Municipality.

“Employee” means any full-time or long-term temporary appointee, excluding an independent contractor, who works for Stellenbosch Municipality and who receives, or is entitled to receive remuneration.

“Employer” means the Stellenbosch Municipality.

“Institution” means the tertiary/education institution approved by the Municipality where the Bursar will receive tuition during any period of part-time study.
“Learner” means a person registered on a part-time basis at the recognized institution of learning.

“Long-term contract employee” means an employee who has been appointed on a contract for three(3) years or longer.

“Recognized and Accredited Qualification” means a degree, diploma or certificate course in a field of study determined by the Municipality and recognised in terms of the South African Qualification Authority, 1995 (Act No. 58 of 1995).

“Registered Educational Institution” means a University, University of Technology, College and/or any other tertiary educational institution registered with the Department of Education.

“Study Bursary” means the bursary granted to an employee for study purposes.

“Study Bursary Scheme” means the scheme approved by Council to provide a bursary for study purposes and for which the Municipality must provide such funds as it may decide.

“Workplace” refers to the place of work as contemplated in the Labour Relations Act, 1995 (Act No. 66 of 1995).

5. LEGAL FRAMEWORK
This policy and its application must be in accordance with the following legislative prescripts:

5.4 Skills Development Levies Act, 1999 (Act No. 9 of 1999).

5.9 National Qualifications Authority Act, 1995 (Act No. 58 of 1995).

5.11 All relevant Collective Agreements.

6. QUALIFYING REQUIREMENTS

6.1 In the normal course of events Council shall recognise only qualification standards that take place at statutory recognised educational or academic institutions.

6.2 Recognised educational/academic institutions where it appears in this policy shall be taken to refer to one of the following:

6.2.1 South African University.

6.2.2 South African University of Technology.
6.2.3 South African Technical College or a Technical institution.

6.2.4 South African Correspondence College.

6.2.5 A government / SAQA approved institution.

6.2.6 Any other appropriate institution as approved by the Municipal Manager.

6.3 The courses or subjects selected shall be confined to those courses directly linked to operational activities of Stellenbosch Municipality.

6.4 The courses or subjects selected shall be confined to Stellenbosch Municipality’s working environment, as well as the functional and career development activities of the employees applying for study aid.

6.5 Should the request for a bursary and/or study leave not comply with the above mentioned, an employee will be requested to provide a motivation for career change, provided that such career change is in the interest of Stellenbosch Municipality.

7. CRITERIA FOR ALLOCATION OF A BURSARY

7.1 All applications must be assessed/ prioritised according to the following criteria:

7.1.1 Subject to availability of funds.

7.1.2 All studies must be undertaken at an approved institution (within South African borders), unless otherwise decided by the Municipal Manager.
(a) Priority 1: Employees who must obtain a qualification in order to meet the minimum requirements of the post which they currently occupy.

(b) Priority 2: Employees who want to study towards their first qualification up to and including Grade 12.

(c) Priority 3: Employees who are current study aid holders, and must still complete their specific qualification.

(d) Priority 4: As determined in the Workplace Skills Plan, Integrated Development Plan and/or Employment Equity Plan.

(e) Priority 5: Employees who are studying for self-development within the context of local government and public service in general.

7.2 The assessments will be done by a committee consisting of the following parties:

7.2.1 Primary SDF or secundi
7.2.2 Manager: Human Resources or secundi
7.2.3 Director: Corporate Services or secundi
7.2.4 Representative of IMATU
7.2.5 Representative of SAMWU

7.3 The committee will make a recommendation to the Municipal Manager for approval.

8. APPLICATION PROCEDURE

8.1 Application for financial assistance in the form of a bursary must be done on the form prescribed for this purpose and must be completed in full by the
employee. Application forms and agreements are available from the Human Resource Department on request.

8.2 Bursary and/or study leave applications must be properly motivated and recommended by the Director in terms of the qualifying requirements.

8.3 Directors must take into account the subsequent study leave implications of recommended study aid and/or study leave applications in terms of service delivery and operational requirements.

8.4 Completed application forms, inclusive of the required recommendations, must be submitted to the Manager: Human Resources or his/her assignee, on/or before the annual closing date.

8.5 Applications must be accompanied by a statement/certificate by the educational institution that the employee complies with the entrance requirements for the course concerned.

8.6 An employee who has been awarded financial assistance and/or study leave in terms of Council’s internal employee bursary policy, by completing the application form and agreement, irrevocably authorise the Chief Financial Officer to deduct any amounts owing by him/her to Council in terms of the provisions of the scheme from his/her salary and/or other monies due to the employee in equal instalments over a maximum period of six (6) months.

9. STUDY FEES

9.1 The term "study fees" will be deemed to include registration, class and examination fees, but will not include any penalties that are imposed by the educational institution or membership of any student and/or professional body. Council will pay the study fees in full directly to the educational institution.
9.2 The employee must submit documentary proof by means of an account or invoice on which the study fees that are payable are fully specified and defined.

9.3 If an employee has paid the fees, he/she may claim reimbursement on submission of documentary proof of the said amount. Reimbursement claims may not be submitted more than six (6) calendar months after passing the final examination of the said course.

9.4 If an employee fails a subject/module, he/she must repay to Council the fees in respect of the subject/module that he/she had failed in equal instalments over a maximum period of six (6) months. Such an employee will only qualify for study aid for a failed subject/module if the employee passed that subject/module and has paid for the repetition of that subject/module.

9.5 The Municipality may pay in respect of book costs and equipment subject to the availability of funds on good motivation.

9.6 Employees who enrolled for a recognised course at a university must sometimes pay exemption fees for subjects/modules that were passed at another university. Such exemption costs may be paid by the Municipality for a category 1 applicant subject to availability of funds and on good motivation.

9.7 The Municipality shall undertake to annually budget, within its financial means, an amount to enable the development of its employees.

10. NUMBER OF YEARS FOR WHICH ASSISTANCE IS GRANTED
(Subject to compliance with terms as set out in "Employee obligations" below.)

10.1 An employee has to apply yearly for study aid (bursary). It is not automatically awarded for the duration of a qualification.
11. EXAMINATION RESULTS

11.1 Employees will be obliged to submit their examination results to the Human Resources Department within one month of receiving the said results, as proof that the examinations were taken on the days for which leave had been granted to them for study purposes.

11.2 Examination results must be attached to application for study aid. A bursary will not be granted where an employee may not proceed with the next year’s studies.

12. EMPLOYEE OBLIGATIONS

12.1 Leaving Council’s service

12.1.1 An employee will be required to remain in Council’s service for a period of twelve (12) months for each twelve (12) months-period for which financial assistance was received.

12.1.2 This required period will come into effect annually on 1 January after the year for which assistance was received. Where no examination was taken, but a thesis was submitted, the required period will come into effect on the 1st of the month following the receipt of the outcome of the thesis.

12.1.3 If an employee leaves the Municipality’s service before completing his/her studies, the employee will have to repay the full amount for that year and pro-rata for the year when the employee should have remained in service.

12.1.4 The employee will be liable for all costs of legal action instituted against him/her to recover monies owed to Council for study.
purposes, including interest at the current prime rate, from the date on which such monies are due to Council as well as legal costs on a scale of attorney to attorney and/or attorney to client and collection commission.

12.1.5 If an employee leaves Council service for any reason whatsoever after financial assistance has been given and before the period within which he/she is required to remain in council’s service has expired (including dismissal, but excluding death or health inability to carry out duties), he/she will be liable for the immediate total repayment of the registration, class and examination fees that Council has paid on his/her behalf in terms of the study aid scheme. The repayment is subject to a proportional reduction with regard to that portion of the contract period that he/she has completed.

13.2 Withdrawal of assistance

13.2.1 If an employee does not pass enough subjects in respect of a course to enable the employee to proceed the next year, assistance in terms of the study aid scheme will be withdrawn and the employee will be required to repay the registration, class and examination fees that Council has paid on his/her behalf in respect of the study course concerned in equal instalments over a maximum period of six (6) months.

13.2.2 Apart from employees meeting the criteria for further assistance they will be required to repay all monies in respect of failed subjects/modules. If assistance to an employee has been withdrawn in respect of the above-mentioned, the amount owing will not be proportionally decreased.
14. EXCEPTIONS:

The Municipal Manager may authorise exceptions to the provisions of this policy on a good cause shown.

15. TRANSITIONAL ARRANGEMENTS

The employees who studies during the 2017/18 financial year and would have qualified for study aid under the policy applicable during that financial year, may apply in terms of the new policy and will receive preference during the 2018/19 financial year in terms of available funding should they qualify for study aid.

16. AMENDMENTS

16.1 This policy will be revised bi-annually.

17. EFFECTIVE DATE

17.1 The Employee Bursary Policy (internal) will become effective upon approval thereof by the Council.
1. SUBJECT: TIME AND ATTENDANCE MANAGEMENT POLICY

2. PURPOSE

To submit the draft Time and Attendance Management Policy for approval.

3. DELEGATED AUTHORITY

The delegated authority for the approval of policies is Council.

4. EXECUTIVE SUMMARY

The legislative provisions link an employee’s remuneration to attendance at work of which the employer is required to keep record. The Stellenbosch Municipality has elected to use the Biometrics systems for purposes of keeping record of time worked by each employee.

5. RECOMMENDATIONS

(a) that the draft Time and Attendance Policy be referred to Council for approval;
(b) that the policy be implemented for all workplaces that have the time and attendance clocking units; and
(c) that the Time and Attendance Management Policy replaces the Attendance and Punctuality Policy (2015).

6. DISCUSSION / CONTENTS

6.1 Background

Council approved an Attendance and Punctuality Policy in 2015. The employer has implemented clocking units for employees some years ago, but it has not been used optimally. When the compulsory use of the clocking system was discussed with the unions, they requested the drafting of a time and attendance policy.

6.2 Discussion

It is the employer’s responsibility to ensure that we have a record of the time and days that employees attend work. The payment of employees is directly linked to their work attendance. Employees do not get paid for days they do not attend work unless the non-attendance is linked to some form of leave. The risk of employees’ absenteeism that is not recorded has been pointed out by the Auditor-General. The electronic systems ensure accurate records on attendance and the different types of leave.
The legislative provisions link an employee’s remuneration to attendance at work of which the employer is required to keep record. The Stellenbosch Municipality has elected to use the Biometrics systems for purposes of keeping record of time worked by each employee.

6.3 **Financial Implications**

As per the approved budget.

6.4 **Legal Implications**

In terms of Section 31(1)(b) & (c) of Chapter 4 of the Basic Conditions of Employment Act 75 of 1997, the following is specifically prescribed:

*Section 31(1)(b) - “Every employer must keep record containing at least the following information, the time worked by each employee”*

*Section 31(1)(c) - “Every employer must keep record containing at least the following information, the remuneration paid to each employee”.*

The recommendations comply with legislation.

6.5 **Staff Implications**

The time and attendance of employees will be monitored more accurately.

6.6 **Previous / Relevant Council Resolutions**

None

**LOCAL LABOUR FORUM MEETING: 2018-01-29: ITEM 6.1**

**RESOLVED**

(a) that the draft Time and Attendance Policy be referred to the Human Resources Development Sub-Committee for consultation;

(b) that it be noted that the employer expects all employees to start using the biometrics system, where it is available, as from 1 February 2018; and

(c) that all employees will be allowed to continue to use the manual attendance registers.

6.7 **Risk Implications**

The purpose of the system is to put preventative measures in place to ensure that employees are only paid for days and hours worked and to prevent absenteeism without the employer picking it up.

6.8 **Comments from Senior Management**

Comments from the Management Team solicited at a Management meeting have been incorporated.
RECOMMENDATIONS FROM THE EXECUTIVE MAYOR, IN CONSULTATION WITH THE EXECUTIVE MAYORAL COMMITTEE, TO COUNCIL: 2018-09-12: ITEM 5.2.2

(a) that the draft Time and Attendance Policy be referred to Council for approval;

(b) that the Policy be implemented for all workplaces that have the time and attendance clocking units; and

(c) that the Time and Attendance Management Policy replaces the Attendance and Punctuality Policy (2015).

2. **PURPOSE**

The purpose of this policy is to provide a standard in the management of attendance for all employees. This policy does not address the content or quantity of work done while an employee is at work. This policy operates within the context of all relevant legislation and collective agreements and Council policy.

3. **SCOPE**
This policy applies to all employees of Stellenbosch Municipality. It excludes employees involved in EPWP or CDWP projects.

4. **APPLICABLE LEGISLATION**

4.1 The Labour Relations Act 66 of 1995

4.2 The Basic Conditions of Employment Act 75 of 1997 and Code of Good Practice determined in terms of Section 87 of the Act

4.3 SALGBC Main Collective Agreement 2015

4.4. SALGBC conditions of service Collective Agreement of the Western Cape Division - 1/4//2016

4.5 Municipal Finance Management Act 53 of 2003

4.6 Municipal Systems Act 32 of 2000

4.7 Occupational Health and Safety Act 85 of 1993

5. **PRINCIPLES**

5.1 Stellenbosch Municipality has a statutory obligation to record and manage employees’ attendance as an employer.

5.2 Line Managers are accountable for managing individual employees’ time & attendance on a fair and consistent basis.

5.3 Individual employees have an obligation to be available for work and be punctual according to their work schedules during the work hours applicable to them.

5.4 Managers and employees have an obligation to comply with the approved time and attendance systems in place at their workplace.

5.5 Non-compliance with this policy by either employees or managers may result in disciplinary action.

5.6 The purpose of the electronic time and attendance system is to record time and attendance. The management of individual time and attendance is the responsibility of the line manager.

6. **WORKING HOURS**

6.1. All employees, with the exception of the following categories, shall work a 40 hour working week:
6.1.1. Senior Management

6.1.2 Emergency personnel

6.1.3 Temporary personnel working less than 24 hours per month.

The categories excluded from the 40-hour working week limit shall be dealt as provided for in their respective employment contracts or in the collective agreements concluded in this regard, provided that their working hours shall not be less than 40 hours per week, subject to any approved shift systems or averaging arrangements.

6.2 Part-time employees (5/8 posts) shall have their working hours calculated on the basis of 5/8th of a 40 hour work week.

6.3 The structuring of employees’ working hours per week shall not be limited to Monday to Friday but as dictated by service delivery imperatives in terms of their contracts of employment or conditions of service.

6.4 Where Directors intend to implement averaging of working hours or compressed weeks, such proposals be submitted for consultation with the unions.

6.5 Task to finish arrangements shall be referred for development of necessary procedures.

6.6 Flexible work schedule will be applicable to certain employees/ groups of as approved by the Municipal Manager.

6.6.1 Each employee must have an individual work schedule.

6.6.2 The Municipal Manager may approve the flexi-time arrangements in terms of the applicable guidelines.

6.6.3 The Directors are accountable for ensuring that the necessary level of service is delivered at all times.

6.6.4 Employees shall not have a right to such flexible work schedules. The possibility of such arrangements shall be determined by the operational requirements of the particular service.

6.6.5 Employees may not work less than 40 hours per week, averaged over a period of one month;

6.7 The maximum amount of short time allowed within one day shall be one hour;

Prior approval shall be required when working short hours and such approval must take into account direct services to the public.
7. **OFFSETTING OF SHORT TIME**

7.1 Subject to operational requirements, employees may be allowed to offset unscheduled short time against additional time worked by:

7.1.1 Working in the time lost after normal work hours without any additional remuneration;

7.1.2 Using additional time (Overtime) worked on any other day reflected on the system

7.1.3 Requesting the manager to work in the time on any other day after/before normal working hours

7.2 Such offsetting is subject to the following conditions:

7.2.1 Line Managers shall approve such off-setting

7.2.2 Line Managers shall take into account the following issues when approving off-setting:

7.2.2.1 Disruption to public transport

7.2.2.2 Individual employee record of punctuality

7.2.2.3 Fairness and consistency to employees

7.2.2.4 Nature of work – e.g. co-dependent teams does not make provision for off-setting

7.2.2.5 Ability of employee to work the time in productively – e.g. requirement for supervision

7.2.2.6 The ability to off-set the time within a work week

7.2.2.7 Such unscheduled short time should not arise out of general tardiness on the part of the employee.

7.2.2.8 Where it is not possible for an employee to work in short time the line manager may authorize a conversion to paid leave, provided such leave is available.

7.2.3 Where no such leave is available and short time cannot be worked in, such time shall be unpaid (no work no remuneration).

7.2.3.1 The line manager will inform the employee;

7.2.3.2 The pay will be deducted in the next pay run following the short time.

7.2.3.3 This clause shall not interfere in any disciplinary procedures arising out of an individual employee’s persistent late coming or tardiness,
irrespective of whether a line manager approves off-setting or short time or not.

8 EMPLOYEES ASSISTANCE, INCLUDING EAP, GRIEVANCE AND DISCIPLINARY PROCESSES

8.1 Time off for EAP/HR appointments shall be considered part of normal working time, provided that employees are required to obtain approval from their line managers to leave their work stations. EAP/HR will, on request from line managers, confirm attendance. Such time shall be recorded, notwithstanding that it is considered part of normal working hours.

8.2 Reasonable time off (not more than 60 minutes per individual) for individuals (including witnesses) to prepare for and appear in disputes, disciplinary hearings or grievance hearings shall be considered part of normal working hours, provided that employees are required to obtain approval from their line managers to leave their work stations and provided further that such time off is reasonable in relation to operational requirements. Such time shall be recorded, notwithstanding that it is considered part of normal working hours. Proof of such dispute/grievance/arbitration notices must be provided.

8.3 Time off for shop stewards to assist members within their constituencies, in their preparation for disputes, disciplinary hearings and grievances, shall be considered part of normal working hours, provided that employees are required to obtain approval from their line manager/supervisor to leave their work stations and provided further that such approval is not unreasonably withheld. In the event of such time off not being authorized due to operational requirements, and there being insufficient time for the employee to prepare their case, the relevant line manager must make appropriate arrangements for the rescheduling of such hearings. Such time shall be recorded, notwithstanding that it is considered part of normal working time, as it forms part of shop steward time off.

8.4 Time off for shop stewards to represent members in disputes, disciplinary hearing and grievances, shall be considered part of normal working hours, provided that employees obtain approval from their line managers in advance of the need to leave their work stations. Such time shall be recorded, notwithstanding that it is considered part of normal working time, as it forms part of shop steward time off.

8.5 As a general rule, employees shall be represented at disputes by full-time shop stewards. Time off for ordinary shop stewards to attend such proceedings shall only be granted in instances where the shop steward personally representing an employee or is required to provide evidence. Shop stewards are required to take leave to attend in observer capacity, provided that if the shop steward has shop steward leave available it may be deducted from the shop steward leave.
9. **DEDUCTIONS FROM PAY ARISING OUT OF SHORT TIME**

9.1 Employees shall have pay deducted for unauthorized short time subject to the following procedure:

9.1.1 Such time has not been offset against additional time in terms of clause 7 above;

9.1.2 The line manager has reasonably not approved conversion from short time to annual leave;

9.1.3 Any such deduction shall take place in the pay run following the short time incident.

9.2 Conversion of short time to annual leave may be considered by a line manager on the request of an employee in the following circumstances:

9.2.1 Conversion must be at request of employee

9.2.2 Where there was good reason for the absence

10. **UNSCHEDULED OR UNAUTHORISED ABSENCES**

10.1 Managing Short and Sporadic Unauthorized Absences

10.1.1 Short sporadic absenteeism shall relate to persistent absences of one or two day incidents of unplanned and/or unauthorized absences.

10.1.2 Absences shall be investigated promptly, and the employee shall be asked to give an explanation of his or her absence.

10.1.3 Where indicated in the related disciplinary procedure or incapacity procedures, the line manager shall take appropriate action to correct the behaviour.

10.1.4 Short time will have to be off-set in terms of clause 7 above.

10.2 Reporting Absences

10.2.1 An employee who is unable to report for work must notify his or her immediate supervisor or the supervisor’s superior, as much in advance as reasonably possible, prior to the commencement of the scheduled day of work depending on operational imperatives, but not later than 2 hours after the start of his/her work day.

10.2.2 Such notification should in the first instance be via a phone call to the immediate supervisor. Employees may communicate via an acceptable
means of communication (including sms/whatsapp to the supervisor's cell phone)

in situations of a family emergency or sick leave, provided that employees provide their supervisors with their phone numbers and further that where there is any dispute over such a message, the manager has the right to verify that the sms/whatsapp was in fact sent.

10.2.3 To facilitate such reporting, supervisors and managers shall make their contact numbers available to subordinates.

10.2.4 The notification must provide the supervisor or line manager with a reason for such failure to report for duty and an indication on the expected time/date of resumption of duty.

10.3 Return to work interviews

10.3.1 Line Managers / Supervisors may conduct a return to-work interview following unauthorized absence of a day or longer with employees to identify the cause of the absence and to explore any particular problems the employee may have.

10.3.2 Such return-to-work interviews shall be conducted after every instance of unauthorized and unplanned absence, without exception, irrespective of the length of an employee's absence;

10.3.3 Line managers must ensure that all employees are treated equally

10.3.4 The purpose of the return-to-work interview shall be to indicate to the employee that his or her absence was noticed, to identify the cause of the absence and to explore any particular problems the employee may have. It will also determine any appropriate corrective action, where required.

11. TIME ADMINISTRATION & RECORDS MANAGEMENT

11.1 It is the responsibility of each line manager to ensure that all employees record their daily arrival and departure times, using either an electronic system or a manual system where there is system failure or no electronic system available.

11.2 It is the responsibility of each line manager to monitor and report on attendance on a daily basis and administer all related functions.
11.3 It is each line manager’s responsibility to ensure that each absence or failure to report for duty is accounted for in terms of the BCEA and the Municipality’s administrative procedures for managing leave.

11.4 The Line Manager must make corrections on the Electronic time & attendance registers where employees, for any acceptable reason, did not or could not clock in or out and further, where such employees do not have access to Employee Self Service. Such corrections shall be made timeously.

11.5 Weekly printouts of time reports for individual employees should be checked for cases where there is short time or clocking errors.

11.6 Employees will be provided with monthly time statements either in hard copy or printed format.

11.7 Records must be retained for audit purposes, either in electronic or hard copy format.

11.8 Employees shall have personal responsibility for verifying the information contained in the weekly time reports and reporting any errors, via either leave applications or clocking corrections. This shall be done either manually or via employee self-service and shall be submitted to their managers for approval timeously.

11.9 Employees shall have personal responsibility for verifying and submitting their monthly time statements to their line managers.

11.10 Line Managers are responsible for approving leave applications or clock corrections timeously and for returning such approvals for capturing in the case of employees using manual forms or online in the case of employees using Employee Self Service.

11.11 Line managers shall approve the monthly time statements. They shall use these statements to record formal approval of any off-setting and or flexi-time arrangements.

11.12 Employees must report all inconsistencies to the manager above the manager to whom the employee reports

12 ATTENDANCE RECORDS

12.1 All employees shall record their daily attendance using an approved time and attendance system.

12.2 Working hours shall be recorded by a time and attendance system where each employee either clocks in and out using an electronic clocking system or where the latter is not operational, signs a manual attendance register.
12.3  All employees shall clock in and out using an electronic clocking system on daily basis where such a system has been installed. Employees may clock in and out more than once a day, to record actual time worked, provided that matching in-out clocking occurs.

12.4  Clause 12.3 shall apply to all employees who are required to either report for duty or end their workday at a workstation other than their regular one. In such situations, employees shall not be required to return to their normal clock stations in order to clock out, unless operational requirements require this.

12.5  In the case of non-electronic attendance registers, or failure of the electronic clocks, time shall be recorded using a manual recording system. This will also apply for overtime worked where the employee reports from home to the incident he/she has been called out to.

12.6  Where practical, the electronic system shall support multiple work station clocking options for individual employees.

12.7  The manual time recorded shall be verified and approved by the line manager where applicable.

12.8  Employees who persistently fail to comply with this policy may face disciplinary action.

12.9  Employees shall be at their work station, ready to work at the correct scheduled starting time and work activity shall commence at approved starting times and continue until the normal designated stopping times for breaks, lunch, or the end of work.

12.10  Any leave taken shall be reflected on the attendance record of the employee and the hours reported or recorded shall accurately reflect the actual time that employees report to and leave the workplace each day.

12.11  Attendance registers and/or work order control sheets where applicable shall be completed accurately by the employee and any falsification of information shall lead to disciplinary action.

12.12  Employees are specifically prohibited from recording time or clocking for another employee. Any proof thereof shall lead to disciplinary action.

13.  MONITORING AND EVALUATION

Managers shall on a regular basis report to their respective Directors on their employees’ attendance trends and where necessary on progress achieved in managing defaulters and actions taken. This information shall be made available to HR on a quarterly basis.
Note:— Replace Attendance and Punctuality Policy (2015).

To obtain Council’s decision in regard to the proposed exchange of land.

3. DELEGATED AUTHORITY

The Municipal Council must decide on the matter, as this involves the disposal of municipal land.

4. EXECUTIVE SUMMARY

On 2017-11-29 Council mandated the Municipal Manager to conclude an agreement with the owner(s) of Remainder Farm 387 (Vredenheim), with the view of securing an access servitude(s) or to purchase/exchange of land for this purpose and/or for additional housing. Following various discussions with Elzabé Bezuidenhout of Vredenheim, an agreement, subject to Council approval, was reached to exchange a portion of Farm 387, Stellenbosch (Vredenheim property) for a portion of Lease Area 377A (municipal land).

The agreement is subject to a suspensive condition that the Stellenbosch Municipal Council must approve the land exchange of the said portion of Lease Farm 377A in terms of Section 14 of the MFMA.

There was also an offer made to purchase the land for an amount of R1 207 500.00. The owner indicated that she is not interested in selling the property. The offer is attached as ANNEXURE 9.

The piece of land is needed to enable to Longlands project to continue, and if the parties cannot reach agreement on the acquisition of the land at a fair price, the Municipality will have to follow the process in section 25 Of the Constitution read with section 9(3) of the Housing Act (Act 107/1997) and read with section 1,6,18-23 of the Expropriation Act (Act no 63 of 1975).

Council must now consider how to proceed to acquire the land for the access road and additional housing.

The pieces of property that the owner wants to exchange is closely situated to Technopark, and the Municipality can at this stage not with confidence say that it is not needed to provide the minimum level of basic municipal services as is required in terms of Section 14 of the MFMA.
5. **RECOMMENDATIONS**

(a) that Council cannot at this stage resolve that the land requested in the exchange of land agreement is not needed for the provision of basic municipal services as required in terms of section 14 of the MFMA;

(b) that Council, for the reason contained in (a) above, does not approve the agreement to exchange municipal land in exchange for the land needed for the securing of access route for the development of Longlands;

(c) that the owner be informed that Council is not willing to exchange land and that, should parties not be able to reach agreement on the sale of the property, the process in section 25 of the Constitution will have to be invoked; and

(d) that, should Ms Bezuidenhout not be willing to sell the land at a fair value, the Municipal Manager be authorised to follow the provisions of section 25 of the Constitution read with section 9(3) of the Housing Act (Act 107/1997) and read with section 1,6,18-23 of the Expropriation Act (Act no 63 of 1975).

6. **DISCUSSION / CONTENT**

6.1 **Background**

On 2017-11-29 Council considered a report dealing with various property issues in the Vlottenburg area. Having considered the report, Council resolved as follows:

RESOLVED (majority vote with abstentions)

(a) that the Municipal Manager be mandated to conclude an agreement(s) with the new owner of Longlands regarding the development of the envisaged low-income housing project, either by way of a new Deed of Donation or by way of a Ceding Agreement(s); and

(b) that the Municipal Manager be mandated to conclude agreements with the owner(s) of Remainder Farm 387 (Vredenheim) and Portion 2 of Farm 1307 (Ash Farmers) with the view of securing an access servitude(s) or the purchase/exchange of land for this purpose and/or land for additional housing.

A copy of the agenda item is attached as **APPENDIX 1**.

6.2 **Discussion**

Following the above resolution, a meeting was scheduled with Mrs Elsabé Bezuidenhout of Vredenheim. During this meeting she indicated that:

a) They would be willing to dispose of a portion of Farm 387, to enable Stellenbosch Municipality to gain access to the Longlands Development, but also to use a portion of the land for affordable housing; and

b) They would prefer to do it on an exchange of land basis, i.e. that they would like to acquire Lease Portion 377A, which was previously leased by them, and is situated directly adjacent to their property.

Following the above meeting Cassie Gerber Property Valuers cc and Pendo Property Valuers were appointed to determine the fair market value of:-

a) A portion of Remainder of Farm 387, Stellenbosch;

b) Lease Farm 377A, Stellenbosch
Hereto attached as **APPENDICES 2-5** are copies of the valuations received from the above valuers.

They valued the properties as follows:

</table>

Following the receipt of the valuations and after obtaining the necessary mandate from the Municipal Manager, a formal Offer to Purchase/exchange of land was presented to Vredenheim. They have subsequently signed the agreement, a copy of which is attached as **APPENDIX 6**. This agreement is however subject to Council approval.

**Lease Farm 377A**

Lease Farm 377A is owned by Stellenbosch Municipality by virtue of Title Deed T STF-34/1883, a copy of which is attached as **APPENDIX 7**. The property, measuring 9.42 in extent is situated to the West of Techno Park, as shown on Fig 1 and 2 below.
Farm 387

Farm 387 is owned by Vredenheim (Pty) Ltd by virtue of Title Deed T17126/2010, a copy of which is attached as APPENDIX 8.

The property, measuring approximately 14137m² in extent, is situated off the Vlottenburg road, as shown on Fig 3 and 4 respectively.
Fig 4: Area measuring 14137m²

**Property Values**

Based on the estimated sizes* and weighed average market value/ha of the respective properties, the estimated market value of the properties are as follows:

- Lease Farm 377A: R122 099.95 (Say R1 221 000.00)
- Portion of Remainder Farm 387: R1 207 500.00

* The ultimate price can only be determined once the property has been sub-divided and approved diagrams are available. The Department is in the process of appointing a land surveyor for this purpose.

6.3 **Legal Requirements**

**Local Government, Municipal Finance Management Act, No 56 /2003**

In terms of section 14(1) a municipality may not transfer ownership as a result of a sale or other transaction or otherwise permanently dispose of a capital asset needed to provide the minimum level of basic municipal services.

In terms of subsection (2), a municipality may transfer ownership or otherwise dispose of a capital asset other than those contemplated in subsection (1) but only after the municipal council, in a meeting open to the public-

a) has decided on reasonable grounds that the asset is not needed to provide the minimum level of basic municipal services; and

b) has considered the fair market value of the asset and the economic and community value to be received in exchange for the asset.
Asset Transfer Regulations (ATR)

In terms of Regulation 5(1) (b) a municipal Council may transfer or dispose of a non-exempted capital asset only after:

a) the municipal council-
   i) has made the determination required by Section 14(2)(a) and (b) of the MFMA; and
   ii) has, as a consequence of those determinations approved in principle that the capital asset may be transferred or disposed of.

Policy on the Management of Council-owned Property

In terms of paragraph 9.2.3 of the policy Stellenbosch Municipality may dispose of land by way of an exchange of land.

Disposal by exchange of land will be appropriate when it is advantageous to the Municipality and other parties to exchange land in their ownerships and will achieve best consideration for the municipality.

The Municipal Council must authorise the disposal of land by exchange with another land owner for alternative land. Reasons for justifying this manner of disposal must be recorded in writing.

The exchange will usually be equal in value. However, an inequality in land value may be compensated for by other means where appropriate. In such circumstances the Municipality must seek an independent valuation to verify that “best consideration” will be obtained.

Under the circumstances it is indeed advantages to the municipality in that no rate-payers money would have to be used to acquire the portion of Farm 387 and the values are almost equal. Although not prescribed in the policy, it is recommended that Council’s intention so to act (exchange of land) be advertised for public inputs.

Section 25 of the Constitution provides that for the expropriation of land for public purpose of in the public interest subject to compensation as determined by a court or as agreed between parties. The process of expropriation must be read with section 9(3) of the Housing Act No 107/1997 and read with 1,6,18-23 of the Expropriation Act.

6.4. Financial Implications

Estimated value around R1 207 500.00. Money has been allocated on the budget for the acquisition of land.

6.5 Legal Implications

The recommendations in this report comply with Council’s policies and applicable legislation, as set out in paragraph 6.3 above.

6.6 Staff Implications

None

6.7 Previous / Relevant Council Resolutions

Council resolution on 2017-11-29.

6.8 Risk Implications

The biggest risk is that the Longlands project would not be able to take off due to us not acquiring access.

RECOMMENDATIONS FROM THE EXECUTIVE MAYOR, IN CONSULTATION WITH THE EXECUTIVE MAYORAL COMMITTEE, TO COUNCIL: 2018-09-12: ITEM 5.2.4

(a) that Council cannot at this stage resolve that the land requested in the exchange of land agreement is not needed for the provision of basic municipal services as required in terms of section 14 of the MFMA;

(b) that Council, for the reason contained in (a) above, does not approve the agreement to exchange municipal land in exchange for the land needed for the securing of access route for the development of Longlands;

(c) that the owner be informed that Council is not willing to exchange land and that, should parties not be able to reach agreement on the sale of the property, the process in section 25 of the Constitution will have to be invoked; and

(d) that, should Ms Bezuidenhout not be willing to sell the land at a fair value, the Municipal Manager be authorised to follow the provisions of section 25 of the Constitution read with section 9(3) of the Housing Act (Act 107/1997) and read with Section 1,6,18-23 of the Expropriation Act (Act no 63 of 1975).

Council resolution
7.5.3 VARIOUS ISSUES: VLOTTENBURG HOUSING PROJECTS: WAY FORWARD

Collaborator No: 551717
IDP KPA Ref No: 
Meeting Date: 14th Council: 29 November 2017

1. SUBJECT: VARIOUS ISSUES: VLOTTENBURG HOUSING PROJECTS: WAY FORWARD

2. PURPOSE

The purpose of this item is twofold, i.e.:

a) To provide Council with a report on the progress (or the lack thereof) on the various housing projects in Vlottenburg; and

b) To authorise the Municipal Manager to:-

   i) conclude the necessary agreement(s) with the (new) owner of Longlands; and

   ii) to negotiate the acquisition of a portion of Remainder Farm 387 and/or registration of an access servitude over a portion of Remainder Farm 387 and Portion 2 of Farm 1307.

3. DELEGATED AUTHORITY

(FOR DECISION BY MUNICIPAL COUNCIL)

Although the Municipal Manager and/or the Executive Mayor have the delegated authority to:-

a) conclude agreement(s) on behalf of Stellenbosch Municipality; and

b) acquire land or rights in land (see delegations 526 and 527, respectively),

agreement was reached between the Executive Mayor and the Municipal Manager to obtain a fresh mandate from the municipal council on a way forward.

4. EXECUTIVE SUMMARY

Although three (3) low-income housing projects were approved in the Vlottenburg Area, none of the developments have an approved access. For this (and other) reason(s) very little or no progress were made with the development of the Longlands project.

In an effort to take this matter forward, Council is requested to authorise the Municipal Manager to:-

a) conclude the necessary contract(s) with the new owner of Longlands, and

b) to negotiate a deal with the owner(s) of Remainder Farm 387 and Portion 2 of Farm 1307 regarding the acquisition of land and/or the registration of a servitude that will allow access to the various developments.
14TH COUNCIL MEETING: 2017-11-29: ITEM 7.5.3

Cllr DA Hendrickse requested that it be minuted that, in his view, these recommendations are illegal.

RESOLVED (majority vote with abstentions)

(a) that the Municipal Manager be mandated to conclude an agreement(s) with the new owner of Longlands regarding the development of the envisaged low-income housing project, either by way of a new Deed of Donation or by way of a Ceding Agreement(s); and

(b) that the Municipal Manager be mandated to conclude agreements with the owner(s) of Remainder Farm 387 (Vredenheim) and Portion 2 of Farm 1307 (Ash Farmers) with the view of securing an access servitude(s) or the purchase/exchange of land for this purpose and/or land for additional housing.

The following Councillors requested that their votes of dissent be minuted:

Cllrs F Adams; DA Hendrickse and LK Horsband (Ms).

The properties are situated in the Firgrove rural area, between Macassar and Somerset West. The City of Cape Town purchased the properties from Paardevei Property (Pty.) Ltd. for future residential and other mixed development uses. The properties are about 659ha in extent and the purchase price amounts to R640 000.00 per ha.
The properties are presently zoned for agricultural purposes, but are much better situated than the subject property. During inspection it was established that about 20% of the 659ha of land consists of wetlands and are not developable. The adjusted purchase price of the developable land amounts to about R768 000.00 per ha and the rate per ha does not differ as far as the extent of the sites are concerned.

Property: A portion of Erf 33683, Strand
Extent: 21.0669ha (Portion required for the Sir Lowery Pass River flood alleviation upgrade ±5.1550ha)
Asking price: R3 866 250.00 (R750 000.00 per ha)
Date of sale: May 2017 (Not registered)
Location: The property is situated off the N2 Main Road, adjacent to the Sir Lowry River half way between Broadlands Industrial area and Firlands.
General: The property is presently zoned for rural purposes.

13.6 Transaction no. 6

Property: Remainder of Phesantekraal No. 1165 Cape RD (Extension of the Okavango Road, Graanendal. Durbanville
Extent: ±5.5800ha
Purchase price: R8 370 000.00
Date of sale: December 2013 (Not registered)
Location: The property consists of the extension of Okavango Road to Klipheuwel.
General: The City of Cape Town purchased the land from Groot Phesantekraal Trust for the extension of the road. The purchase price of the land for the road amounted to ±R1 500 000 per ha at the time.

14. Increases of land prices in the low-cost housing development areas over time

14.1 Some of the transactions and their market values listed below are dated and provision for efflux in time is necessary.

14.2 A market research was carried out and school sites in low cost housing development areas, like Khayalitsha, Mfuleni,
Nyanga, Guguletu, Strand and Delft, sold for R650 000.00 per ha during 2014 and increased to R750 000.00 per ha in 2017, an increase of about 4.5% per annum over the past 3 years.

14.3 An increased rate of 4.5% to adjust the dated prices is therefore market related.

16. Conclusions

16.1 Transaction 1 is situated in Belhar. The houses in the area are all single and double story low-cost houses. The Provincial Government of the Western Cape purchased the land for hospital purposes. The market value of the property was determined on prices paid for low-cost housing in the area and, therefore, comparable. The site is better situated close to the University of the Western Cape and a downward adjustment on the adjusted purchase price is necessary.

16.2 Transaction no. 2 is situated in Blue Downs in between two serviced roads. The property was zoned for agricultural purposes at the time the sale took place. The houses in the area consist of low-cost GAP type of houses.

16.3 Transaction no. 3 is situated in Greenville, Fisantekraal. The City of Cape Town purchased the property from Garden Cities for clinic purposes. The site is about the same size as the subject property but fully serviced and a downward
adjustment in the adjusted purchase rate per ha is necessary.

16.4 Transaction 4 is large and small portions of land located between Macassar, the Strand and the sea. The adjusted rate per ha of the developable land after allowing for the wetlands, amounts to R850 000.00 per ha. My information is that the land will be utilized for mixed development purposes, which will include low-cost, GAP and economic housing.

16.5 Transaction 5 is situated in the Strand and belongs to Asla Devco Pty Ltd. My information is that the property is not registered in the Deeds Office but the asking price amounts to R750 000.00 per ha. The asking price is based on a well-motivated valuation report, prepared by a professional valuer. Asla plans to use the remainder of the land for residential purposes. The property still has to be rezoned and an upward adjustment in the rate per ha of the subject property is, therefore, necessary.

16.6 Transaction 6 is the market value of the land paid for the extension of the Okavango Road over the farm Groot Phesantekraal No. 1165. The market value made provision for the time before development will start to take place. This is an upper income group area where the vacant sites are selling for about R1 500 000.00. Below is a list of serviced sites sold in the Groot Phesantekraal development area:

13. **Conclusions**

13.1 Comparable transaction 1 is situated between the old Bellville/Somerset West and the N2. The improvements on the land consist of a mixture of vineyards, arable land and veld. The subject property is better situated. The selling price amounts to ±R100 000/ha including the improvements.
13.2 Transaction 3 is situated about 10km from subject property on the Stellenbosch/Kuils River Road. The land consists of irrigable land. There are also 3 laborers' cottages on the land. The purchase price amounts to ±R150 000.00/ha.

13.3 Transaction 3 is situated close to Banhoek. The property is well developed with all the necessary Municipal services on site. The property also has a good infra-structure.

13.4 Transaction 4 is situated close to Lynedoc. The property is well improved and has a very good infra-structure. The purchase price including the improvements amounts to ±R380 000.00/ha. The subject property has little services and a downward adjustment is necessary.

13.5 Transaction 5 is situated opposite Wijnlanden and my information is the property was purchased by a property developer. The price paid for the developable land is ±R342 000.00/ha.

13.6 Transaction 6 is situated opposite Spier Estate and consists mainly of irrigable land. The purchase price amounts to ±R283 000.00/ha.

13.7 Based on the above-mentioned comparable transactions, with the necessary adjustments for time, location, availability of services and extent of the subject properties, the following norm rates per ha is market related:

- Vineyards: R275 000.00/ha (Excluding VAT)
- Veld (Renoster bush): R100 000.00/ha (Excluding VAT)

14. **Valuation calculations**

The subject property consists of a vacant portion of lease farm. All the agricultural improvements on the farm were carried by the tenant. The market value of the property must be based on vacant agricultural land value.

Market value: ±10ha @ R100 000/ha = R1 000 000.00

The market value of the property does not include VAT.
15. **Valuation Certificate**

I inspected the subject property described herein. I have no present or prospective interest in the property. VALUATION REPORT

1. GENERAL

1.1 INSTRUCTIONS

Instructions were received from Stellenbosch Municipality to determine the fair and reasonable market value of Farm No. 377A Stellenbosch Registration Division, measuring approximately 9.42 hectares. This valuation is undertaken to inform the Stellenbosch Municipality of the market value, in light of possible disposal to the adjoining owner.

1.2 EFFECTIVE DATE OF VALUATION

1 March 2018

1.3 INSPECTION DATE

21 February 2018

1.4 DEFINITION OF MARKET VALUE

As per the International Valuation Standards Council, market value can be defined as follows:

The highest price that a willing and informed purchaser will pay a willing and informed seller in a normal open market transaction, when neither party is under the anxiety or compulsion to sell or purchase, other than their normal desire to transact.

1.5 CAVEATS

The valuer has assumed that the subject property and their values were unaffected by any statutory notice or condition of title where the title deeds have not been inspected.

Information regarding the subject property and comparable properties was received from local authorities and third parties. This information was received in good faith and it is assumed that the supplied information is correct, but no warranty as to the accuracy of this information can be made.

All plans included in this document are supplied for identification purposes only and are not necessarily to scale.

We have not carried out a structural survey, nor have we tested the service installations, woodwork or other parts of the structure which are covered, unexposed or inaccessible and are therefore unable to report that such parts of the property are free of rot, beetle or other defects. This valuation is therefore based on the assumption that the building is in a reasonable state of repair, unless expressly stated otherwise in this report.

In this report, the market value and any other values referred to exclude VAT.
Any possible contamination of the subject property as a result of an environmental incident has also not been taken into account, nor have we examined the cost of any remedial measures involved.

Neither all nor any part of this report shall be conveyed to the public or anybody other than the addressee or their principles through advertising, public relations, news sales or any other media without the written consent of the author. This valuation was performed for the purpose as stated in this report and should not be used for any other purpose.

3. PROPERTY LOCATION

Farm 377A is located in a rural node of Stellenbosch approximately 1 kilometres west of Technopark. The subject property is surrounded by agricultural land, while the De Zalze Golf Estate is located on relative close proximity, approximately 1 kilometre to the southeast. Refer to the location map below.

4. DESCRIPTION OF THE SUBJECT PROPERTY

The area to be valued represents an oblong shaped tract of land measuring roughly 9.42 hectares. The tract of land slopes down in a westerly direction. It is leased from the Stellenbosch Municipality by Vredenheim Pty Ltd for agricultural purposes. Approximately 4.1 hectares represent arable land with vineyards under irrigation. No water rights are attached to the land and current water for irrigation purposes is provided by the lessee. The remaining 5.32 comprises protected renosterveld.

Also refer to Annexure C for photographs of the area to be valued.
5. HIGHEST AND BEST USE

Highest and Best Use is defined under the International Valuation Standards (IVSC) as “The most probable use of an asset which is physically possible, appropriately justified, legally permissible, financially feasible and which results in the highest value of the asset being valued”.

The area to be valued is located in a rural node west of Stellenbosch. It represents municipal owned land leased to private farmers for agricultural purposes. Based on the location, current ownership status and surrounding uses, the valuer is of the opinion that agricultural uses represents the highest and best use of the subject property.

Note was taken of the existing retoserveld portion and the protected status which inhibits development or utilisation of this portion of farm 377A. Furthermore, the valuer took cognisance of the fact that the existing vineyards were planted and established by the prospective purchaser of the land. In this regard, the valuer is of the opinion that this portion should be valued as vacant arable land.

6. VALUATION APPROACH

The Comparable Sales Method is deemed the most appropriate valuation method to determine the market value of agricultural land. This approach is based on the principle of comparability and substitution. The assumption is that if similar assets in a similar market place have been sold at a particular value, then the comparable asset will also sell at a similar price.

The area to be valued forms part of a 78 hectare tract of land, and can only be sold to an adjoining owner. It is therefore valued as part of the whole. The valuation was therefore based on sales of properties with similar utility, potentialities and locality features.

7. MARKET INFORMATION

We liaised with the Cape Town Deeds Office to determine the sales and transfers in the vicinity of the subject properties. Comparisons were then made in terms of size, improvements, utilisation and potential of the land and date of sale, after which the necessary adjustments were made.

The following transactions were registered in the Deeds Office and serve as good comparisons in determining the market rate of the area to be acquired:

<th>SALE 1: Portions 21 &amp; 22 of Farm 402 Stellenbosch RD</th>
</tr>
</thead>
<tbody>
<tr>
<td>Land size: 12.7557 Ha</td>
</tr>
</tbody>
</table>

This tract of land is located in the Polkakraal node between Stellenbosch and Kuils River. It comprised vacant land with approximately 10.7 hectares vineyards, while the remainder represented fallow land. The tract of land compares well with the subject property in terms of size and location. Analysis of the sale indicates a vacant land rate of approximately R 300,000 per hectare (excluding vineyards). This sale serves as a very good indication of the rate to be applied to the arable component of the subject property.

<table>
<thead>
<tr>
<th>SALE 2: Portion 4 of Farm 1505 Stellenbosch RD</th>
</tr>
</thead>
<tbody>
<tr>
<td>Land size: 41.5710 Ha</td>
</tr>
</tbody>
</table>

This tract of land is located approximately 8 kilometres north of Stellenbosch. It represents mountainous vacant land comprising natural veld. The land is uncultivated which suggests an upward adjustment would be justified for arable component of the subject property. On the other hand a downward adjustment would be justified for the renosterveld component.

<table>
<thead>
<tr>
<th>SALE 3: Portion 4 of Farm 1471 Stellenbosch RD</th>
</tr>
</thead>
<tbody>
<tr>
<td>Land size: 14.8056 Ha</td>
</tr>
</tbody>
</table>

This tract of land is located in relative close proximity to the subject property, along Stellenbosch Kloof Road. It offers approximately 5.7 hectares vineyards, while the remainder represents fallow land and a dam. This property offers a sought-after location with lifestyle appeal. The valuer is of the opinion that a significant downward adjustment would be justified for the subject property.

<table>
<thead>
<tr>
<th>SALE 4: Portion 18 of Farm 730 Paarl RD</th>
</tr>
</thead>
<tbody>
<tr>
<td>Land size: 13.2554 Ha</td>
</tr>
</tbody>
</table>

This tract of land is located in close proximity to the subject property, adjacent to the N1, approximately 7 kilometers west of Klapmuts. It represents vacant, predominantly fallow land, with approximately 3 hectares of vineyards. Analysis of the sale indicates a vacant land rate of roughly R 200,000 per hectare. An upward adjustment would be justified for the subject property due to a perceived superior location and utilisation.
SALE 5: Farm 1519 Paarl RD

| Land size:  | 101.8833 Ha | Purchase Date: | 2016/02/01 | Purchase Price: | R 3 700 000 |

This relatively large tract of land is located in close proximity to the subject property, approximately 2 kilometres east of Klapmutts along the N1. It represents fallow natural veld with no water allocation. This sale serves as an indication of the base rate for the fallow land component of the subject property, but an upward adjustment would be justified for the significant difference in size and locational factors.

SALE 6: Farm 1369 Paarl RD

| Land size:  | 27.7170 Ha | Purchase Date: | 2013/08/02 | Purchase Price: | R 5 000 000 |

This property is located in very close proximity to the subject property, adjacent to the R304. It comprises vacant arable land of 27.7170 hectares, including dam area of approximately 4 hectares and road reserve of approximately 3.2 hectares. Assuming that no value was attached to the road reserve, and effective area of approximately 24.5170 hectares indicates to a rate of approximately R 203 940 per hectare, which is indicative of arable land values of similar units. An upward adjustment would be justified for the efflux of time and perceived superior location of the subject property.

Sale 7: Farm 1226 Malmesbury RD

| Land size:  | 46.4121 Ha | Purchase Date: | 2013/07/18 | Purchase Price: | R 2 000 000 |

This vacant tract of land of 46.4121 hectares is located approximately 21 kilometres northwest of Stellenbosch along the R304. It comprises uncultivated natural veld. The selling price of R 2 000 000 represents a rate of R 43 092 per hectare. This sale is indicative of the rate to be applied to fallow land component of the subject property, with an upward adjustment justified for the efflux of time.

1.1 Conclusion on Comparable Sales

The comparable properties listed above generally comprise small farms with similar utility to the subject properties, or components thereof. The location of these properties compare relatively well with the subject property. Based on analysis of the sales, and after making adjustments for the improvements and other value forming characteristics, a rate of R 300 000 per hectare was deemed appropriate to the arable land components, while a rate of R 50 000 per hectare can be applied to the renosterveld component. These rates are considered in keeping with the market and can be applied in the various land components, while the depreciated value of improvements can be added as per calculations hereunder.
8. VALUATION CALCULATION

Based on the market information listed in paragraph 7, the valuer is of the opinion that a rate of R 300 000 can be applied to the arable land component, while a rate of R 50 000 per hectare would be justified for the protected renosterveld. The value of the subject property can therefore be calculated as follows:

9. DECLARATION

I, Johan Klopper, a registered Professional Valuer, declare that I have inspected the area to be valued and that I have conducted this valuation assignment to the best of my knowledge and skills. I have no present or contemplated interest in this property, and accordingly certify that this valuation was undertaken on a completely independent basis.

Based on the available information I am of the opinion that the fair and reasonable market value of the of Farm 377A Stellenbosch RD measuring approximately 9.42 hectares, as at 1 March 2018, amounts to R 1 500 000.

Signed at STELLENBOSCH on this the 6th day of March 2018.

VALUATION REPORT

1. GENERAL

1.1 INSTRUCTIONS

Instructions were received from Stellenbosch Municipality to determine the fair and reasonable market value of a portion of Remainder Farm Vlottenburg No. 387 Stellenbosch Registration Division, measuring approximately 2 hectares, which is to be acquired from the land owner by the Stellenbosch Municipality.

1.2 EFFECTIVE DATE OF VALUATION

1 March 2018

1.3 INSPECTION DATE

21 February 2018

1.4 DEFINITION OF MARKET VALUE

As per the International Valuation Standards Council, market value can be defined as follows:

The highest price that a willing and informed purchaser will pay a willing and informed seller in a normal open market transaction, when neither party is under the anxiety or compulsion to sell or purchase, other than their normal desire to transact.

1.5 CAVEATS

The valuer has assumed that the subject property and their values were unaffected by any statutory notice or condition of title where the title deeds have not been inspected.

Information regarding the subject property and comparable properties was received from local authorities and third parties. This information was received in good faith and it is assumed that the supplied information is correct, but no warranty as to the accuracy of this information can be made.

All plans included in this document are supplied for identification purposes only and are not necessarily to scale.

We have not carried out a structural survey, nor have we tested the service installations, woodwork or other parts of the structure which are covered, unexposed or inaccessible and are therefore unable to report that such parts of the property are free of rot, beetle or other defects. This valuation is therefore based on the assumption that the building is in a reasonable state of repair, unless expressly stated otherwise in this report.

In this report, the market value and any other values referred to exclude VAT.

Any possible contamination of the subject property as a result of an environmental incident has also not been taken into account, nor have we examined the cost of any remedial measures involved.

3. PROPERTY LOCATION

The portion of Farm 387 to be valued is located approximately 6 kilometres west of the Stellenbosch CBD in the Vlottenburg node. The tract of land abuts the Vlottenburg Road, while existing lower income residential uses is located directly to the west, and an existing school is located directly to the north. Refer to the location map below.

![Location Map](image)

4. DESCRIPTION OF THE SUBJECT PROPERTY

The area to be valued represents an oblong shaped tract of land measuring roughly 2 hectares (size to be confirmed following negotiation with landowner). The eastern portion, which is traversed by the Sanddrif River, is relatively flat, while the western portion slopes down in an easterly direction. Three dilapidated dwellings are located on the western periphery, but were excluded for valuation purposes due to their rundown state. Refer to the aerial photograph below.

![Aerial Photograph](image)
The Sandrift River traverses the eastern portion of the area to be valued. Based on specialist freshwater assessments undertaken for the proposed development of Farm 387, a setback line of 15m to 20m from the top of the river banks was proposed for the Sandrift River. Based on the aforementioned development constraints, the valuer estimates that not more than approximately 75% of the site is developable.

Also refer to Annexure C for photographs of the area to be valued.

5. HIGHEST AND BEST USE

Highest and Best Use is defined under the International Valuation Standards (IVSC) as “The most probable use of an asset which is physically possible, appropriately justified, legally permissible, financially feasible and which results in the highest value of the asset being valued”.

The area to be valued forms part of a proposed mixed use development of the subject property. Given the limitations resultant from Sandrift River crossing the area to be valued, as well as the adjoining low income housing, the valuer is of the opinion that low to medium income housing development represents the highest and best use of the area to be valued.

6. VALUATION APPROACH

The Comparable Sales Method is deemed the most appropriate valuation method to determine the market value of agricultural land. This approach is based on the principle of comparability and substitution. The assumption is that if similar assets in a similar market place have been sold at a particular value, then the comparable asset will also sell at a similar price.

7. MARKET INFORMATION

We liaised with the Cape Town Deeds Office to determine the sales and transfers in the vicinity of the subject properties. Comparisons were then made in terms of size, improvements, utilisation and potential of the land and date of sale, after which the necessary adjustments were made.

The following transactions were registered in the Deeds Office and serve as good comparisons in determining the market rate of the area to be acquired:

Remarks and conclusion on market sales:

The listed registered sales generally ranged between R 650 000 and R 900 000 per hectare for development properties with similar potential. Outliers were also observed for superior properties, with sales up to approximately R 1 700 000 per hectare. These sales were however considered superior to the area to be valued. The unregistered sales indicated a sales range of R 750 000 to R 850 000 per hectare, with the most recent transactions concluded at R 850 000 per hectare.

Based on the aforementioned, and taking not of the various value forming characteristics, the valuer is of the opinion that a market rate of R 850 000 per hectare would be fair and reasonable for the area to be valued.

8. VALUATION CALCULATION

Because the exact acquisition area has not been finalised, the valuer was instructed to express the value as a per hectare rate. Analysis of the market information listed in paragraph 7 suggests that a rate of R 850 000 per hectare would be justified for lower income development land. Given the development constraints due to the Sanddrif River, it is estimated that not more than approximately 75% of the site is developable. This suggests that a proportional downward adjustment to R 637 500 (rounded to R 640 000) per hectare would be justified for the area to be valued.

Note: The market rate of R 850 000 per hectare would apply if the river component was excluded from the acquisition area.

9. DECLARATION

I, Johan Klopper a registered Professional Valuer, declare that I have inspected the area to be valued and that I have conducted this valuation assignment to the best of my knowledge and skills. I have no present or contemplated interest in this property, and accordingly certify that this valuation was undertaken on a completely independent basis.

Based on the available information I am of the opinion that the fair and reasonable market rate of the portion of Farm 387 Stellenbosch RD to be valued, as at 1 March 2018, amounts to R 640 000 per hectare.

Signed at STELLENBOSCH on this the 28th day of February 2018.

Attention: Elzabé Bezuidenhout

Dear Ms Bezuidenhout

OFFER TO PURCHASE/EXCHANGE OF LAND: A PORTION OF REMAINDER FARM 387, STELLENBOSCH AND LEASE AREA 377A, STELLENBOSCH

Following our recent discussions regarding the possible acquisition of a portion of Remainder Farm 387, Stellenbosch, refers. You would recall that you have indicated at the meeting that you would consider such transaction, but preferably on the basis of an exchange of land, i.e. that you would like to acquire Lease Farm 377A (or at least a portion thereof).

Following the above discussion, we have appointed two (2) independent valuers to determine the fair market value of the properties under consideration, i.e.:

a) A portion of Remainder Farm 387, Stellenbosch, measuring approximately 1.4 ha in extent; and
b) Lease Farm 377A, Stellenbosch, measuring 9.42 ha in extent.

They valued the properties as follows:

<table>
<thead>
<tr>
<th>Name of valuer</th>
<th>Lease Farm (9.42 ha)</th>
<th>Portion of Remainder Farm 387 (1.4 ha)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cassie Gerber Property Valuers</td>
<td>R100 000.00/ha (Excluding of VAT)</td>
<td>R875 00/ha (Excluding of VAT)</td>
</tr>
<tr>
<td>Pendo Property Valuers</td>
<td>R159 235.67/ha (excluding of VAT)</td>
<td>R850 00/ha (Excluding of VAT)</td>
</tr>
<tr>
<td>Value of property</td>
<td>R1 221 000.00</td>
<td>R1 207 500.00</td>
</tr>
</tbody>
</table>

Should the above be taken as the fair market value of the properties, it means that the properties are almost equal in value, and an exchange of land could therefore be considered.

Please find hereto attached copies of the valuation reports as well as an Offer to Purchase.
Should you agree to this, please sign the Offer to Purchase, whereafter we will attend to the subdivision and transfer of the land parcels.

I await your feedback on this regard.

Yours faithfully

PREAMBLE

WHEREAS VREDENHEIM is the owner of Remainder Farm 387, Stellenbosch;

WHEREAS the MUNICIPALITY is the owner of Lease Farm 377A, Stellenbosch;

WHEREAS the MUNICIPALITY has approach VREDENHEIM with the view of acquiring a portion of Remainder Farm 387, measuring approximately 1.4 ha in extent, to enable them to:

a) gain access to developments on Longlands and Digteby; and
b) to develop the remainder portion with low-cost housing;

WHEREAS VREDENHEIM has indicated that they would consider such disposal to the MUNICIPALITY, but only on the basis on a exchange of land, that is for a portion of Lease Farm 377A, with more or less equal value, to be acquired by them;

WHEREAS the MUNICIPALITY has appointed two (2) independent valuers to advise them on the fair market value of the properties under consideration; and

WHEREAS the MUNICIPALITY would like to make a formal offer to VREDENHEIM to acquire a portion of Remainder Farm 387, Stellenbosch in exchange for a portion of Lease Farm 377A, Stellenbosch;

NOW THEREFORE the following offer is made:

1. **Parties**
   1.1 The parties to this agreement are:
      1.1.1 Stellenbosch Municipality and
      1.1.2 Vredenheim (Pty) Ltd.

2. **Definition and interpretations**
   In this contract, unless the context otherwise requires, the following terms have the following meanings assigned to them:
   2.1 "**Seller**, in the relation to a portion of Remainder Farm 387, Stellenbosch means Vredenheim Estate (Pty) Ltd; and in relation to Lease Farm 377A, Stellenbosch means the Stellenbosch Municipality;
   2.2 "**Purchaser**, in relation to apportion of Remainder Farm 387, Stellenbosch, means Stellenbosch Municipality; and in relation to Farm 377A, Stellenbosch, it means Vredenheim Estate (Pty) Ltd;
   2.3 "**Properties** means a portion of Remainder Farm 387, measuring approximately 1.4 ha in extent, as shown on APPENDIX 1 and Lease Farm 377A, Stellenbosch measuring approximately 9.42 ha in extent, as shown on APPENDIX 2.
   2.4 "**Date of occupation** means the date of registration of transfer, or such other date that may be agreed upon between the parties
   2.5 **Acceptance date** means a period which expires at 16:00 on the 21st day following the date of signature of this offer by VREDENHEIM, excluding the date of signature by the
MUNICIPALITY, but including Saturdays, Sunday and Public Holidays, being the date and
time by which VREDENHEIM must accept the offer or it will lapse.

2.6 "The Contract" means the content of contract to be concluded between the parties following,
the acceptance by VREDENHEIM of this offer;

2.7 "MFGA" means the Local Government: Municipal Finance Management Act, No, 56 of
2003;

2.8 "Low Cost housing" means subsidised housing constructed with provincial funding to a
standard not lower than the Diegby development;

2.9 The masculine gender included the feminine and neuter genders and vice versa

2.10 Words in the singular include the plural and vice versa; and

2.11 Headings are provided for reference purposes only and are not to be taken into account in
the interpretation of any provision hereof.

3. PROPERTIES

3.1 The property to be acquired by the MUNICIPALITY is a portion of Remainder Farm 387,
Stellenbosch, measuring approximately 1.4ha in extent; and

3.2 The property to be disposed of to VREDENHEIM is a portion of Lease Farm 377A, measuring
approximately 9.42ha in extent; both properties still to be surveyed.

4. OFFER

4.1 The MUNICIPALITY hereby offers to purchase the property, being a portion of Remainder
Farm 387, Stellenbosch from VREDENHEIM for an amount of R52 500.00/ha; and

4.2 The MUNICIPALITY hereby offer to dispose of the property, being a portion of Lease Farm
377A, Stellenbosch, to VREDENHEIM at an amount of R129 617.83/ha.

4.3 It is specifically recorded that the final purchase prices will be determined once the
properties has been surveyed and subdivided.

4.4 The sales prices of the properties will be set-off against each other; the owner of the
property with the lowest rand value, based on the actual size of each property, will pay to
the other party the difference in rand value on date of registration of such transfer to their
name.

4.5 This offer is open for acceptance until 16:00 on the acceptance date, shall not be capable of
withdrawal prior thereto and, if not accepted by such date, shall lapse.

5. POSSESSION AND OCCUPATION

5.1 Subject to the Purchaser:-

5.1.1 having paid all costs which the Purchaser is liable to pay in terms of this contract in
order to take transfer, and

5.1.2 having signed all documents of transfer that may be required to be signed by the
Seller's conveyance; and

5.1.3 not being in breach of any term of this contract,

the Purchaser shall be entitled to and shall be given occupation of the property on
the date of occupation.
5.2 The benefit, risk, profit and loss of the property shall pass to the Purchaser on occupation of transfer provided however that the liability for payment of rates and taxes and like charges levied upon and/or in respect of the property by the local authority having jurisdiction shall pass to the Purchaser on the date of registration of transfer.

5.3 The Purchaser shall reimburse the Seller for rates and taxes and other imposts paid in advance upon the property beyond the date provided in 5.2.

5.4 If the date of occupation precedes the date of transfer the Purchaser shall not be entitled to effect any changes, or improvements, to the Property before the date of transfer without the prior written consent of the Seller.

5.5 It is specifically recorded that no occupational interest will be payable by one party to the other.

6. TRANSFER COSTS

6.1 The Purchaser shall be liable for all costs of transfer including Attorney’s and Conveyance’s charges, stamp an other duties, Deeds Office levies and all other charges and disbursements relating thereto and insofar as payable, VAT on all or any portion of the transfer costs and charges, and shall deposit such costs with the Seller’s conveyance’s upon demand but in any event by no later than the guarantee date.

7. TRANSFER OF THE PROPERTY

7.1 The Seller shall transfer the property to the Purchaser within a reasonable time after the Purchaser has complied with all their obligations in terms of this contract. The MUNICIPALITY’S Conveyancers shall affect transfer of properties.

8. DEFINITIVE SALES AGREEMENTS TO BE CONCLUDED

8.1 As soon as the respective properties have been surveyed and the parties have agreed on the exact sizes of the properties, the final purchase prices will be determined, based on the per square hectare prices set out in clause 4 of this agreement.

8.2 Following the determination referred to in paragraph 8.1, two (2) definitive Sales Agreements will be concluded by the parties for the respective properties.

8.3 The parties undertook to sign all such agreements and documents necessary to effect such transfers.

9. SPECIAL CONDITIONS

9.1 The parties specifically agree on the following:

9.1.1 The MUNICIPALITY will not allow any squatting on the property acquired in terms of this agreement; it will only be used for the purpose of a low-cost housing development;

9.1.2 Following the successful development of the property VREDENHEIM will have the right of nominating three (3) beneficiaries for the project, insofar as they qualify for housing subsidy;
any financial shortfall will be for their account. Alternatively only serviced sites will be made
available to them; and

9.1.3 With the development of the property the MUNICIPALITY will, at its cost, erect a boundary
fence on the Eastern boundary of the property, i.e. between the development and the river, to

10. SUSPENSIVE CONDITIONS

9.1.4 The provisions of clauses 9.1.3 and 2.8 are
material conditions which go to the root of
the contract.

10.1 The parties agree that this agreement shall only take effect upon the fulfilment of the
following suspensive conditions.

10.1.1 The Municipal Council of Stellenbosch must approve of the disposal of a portion of
Lease Farm 377A to VREDENHEIM in terms of Section 14 of the MFMA; and

10.1.2 The sub-division of the properties referred to in par. 3 must be approved in terms of
the relevant legislation.

11. BREACH

11.1 If a Party breaches a material provision of this agreement, and fails to remedy such breach
within 10 days of the date of receipt of a written notice from the aggrieved Party requiring
him to do so, the aggrieved Party will be entitled to any remedy available in law, without
further notice, including the right of the Seller to:

11.1.1 claim payment of the outstanding balance of the purchase price; or

11.1.2 cancel this agreement and keep all amounts paid by the Buyer as roukoop
(damages), and the Buyer will not be entitled to compensation from the Seller for
improvements he caused on the property, whether with or without the Seller’s
consent.

12. MAGISTRATE’S COURT JURISDICTION

Any action which a party may desire to institute for the enforcement of any right conferred
by this agreement, may, at the option of the party instituting proceedings, be instituted in
the Court of any Magistrate having jurisdiction in respect of the other party in terms of
Section 28(1) of the Magistrate’s Court Act, to the jurisdiction of which court all the parties
hereto consent in terms of Section 45 of the said Act or of the provisions of any substituted
or amended legislation.

13. DOMICILIIUM AND NOTICES

13.1 For the purposes of any notices to be given to, or of any legal proceedings to be instituted
the parties hereto hereby choose domicilium citandi et executandi as follows:

13.1.1 The MUNICIPALITY

Street Address:
The Civic Centre
Pleinstreet
Stellenbosch
7600
Postal address:
PO Box 17
Stellenbosch
7600

13.1.2 VREDENHEIM
PO Box 249
Stellenbosch

13.2 Any notice in terms hereof may be delivered to the party to whom it is sent personally or by pre-paid registered post. In the event of the latter, the notice shall be deemed to have been received on the fourth day after posting of said notice to such party’s chosen domicilium citandi et executandi unless earlier delivery is proved.

14. VOETSTOOTS

14.1 The Purchaser purchases the property to the extent such as it now lies “voetstoots” subject to such conditions and servitudes as are mentioned or referred to in the current Title Deeds or which have been imposed by law and which are otherwise of application thereto. The Seller shall not profit by any excess nor be answerable for any deficiency in the nature of extent of the property. The Seller, however, warrants and declares that it is not aware of any latent defects, material to this offer, in the property which have not been disclosed to the Purchaser.

15. DESCRIPTION OF BEACONS AND NO WARRANTY RE IMPROVEMENTS

15.1 If there is an error in the description of the property which is common to the parties such error shall not be binding on the parties who shall in such event be entitled to rectification hereof to describe the property as set out in the Seller’s Title Deed.

15.2 The Seller shall not be required to indicate to the Purchaser the position of the beacons and/or pegs upon the land, and/or the boundaries thereof, nor shall the Seller be liable for the costs of location or relocating the same.

15.3 The Seller does not warrant that improvements erected on the property have been erected in accordance with approved building plans or those such improvements, generally comply with laws and regulations relating to such improvements.
16. **WHOLE AGREEMENT**

16.1 This contract constitutes the entire agreement between the parties and the parties who acknowledge that there have been no verbal warranties or representations other than such as are herein contained or referred to. Nothing at variance with the terms hereof shall be binding unless reduced to writing and signed by the parties or their representatives who shall in turn be properly authorized in writing. No waiver shall be of any force or effect unless in writing and signed by the party so waiving.

13. **JURISDICTION**

The parties hereby consent in terms of Section 45 of the Magistrate’s Court Act No 32 of 1944, or any amendment thereof, or any substituted legislation, that either party may, at its option, institute any legal proceedings howsoever arising from the provisions hereof, irrespective of the amount involved in any such proceedings, in the Magistrate’s Court which has jurisdiction over the party against whom such proceedings are instituted in terms of Section 28 of the aforesaid Act provided that, notwithstanding the foregoing, any party shall have the right at its option, to institute any such proceedings in any other Court of competent jurisdiction.

14. **EXPIRATION**

The acceptance hereof by the Seller must be agreed upon before midnight on 31 August 2018, and until then is irrevocable by the Purchaser.

15. **ACCEPTANCE**

This Offer shall become a final and binding sale upon acceptance hereof by the Seller. Acceptance of this Offer by the Seller shall be effected by the Seller signing one copy of this agreement and before the date and time mentioned above, either handing such copy to the Purchaser or his authorised representative or else posting such copy to the Purchaser by prepaid registered post addressed to him at the address appearing beneath his name at the commencement hereof.

16. **SEVERABILITY**

Each of the provisions of this agreement shall be considered as separate terms and conditions and in the event that this agreement is affected by any legislation or any amendment thereto, or if the provisions herein contained are by virtue of that legislation or otherwise, held to be illegal, invalid, prohibited or unenforceable, then any such provisions shall be ineffective only to the extent of the illegality, invalidity, prohibition or unenforceability and each of the remaining provisions hereof shall remain in full force and effect as if the illegal, invalid, prohibited or enforceable provision was not a part hereof.
17. **CONSUMER PROTECTION ACT**

The Seller herein warrants that he or she is an ordinary Seller who does not sell property in the ordinary course of business. The Consumer Protection Act therefore does not apply to the sale of this property.

18. **ENTIRE CONTRACT**

The parties hereby agree that this agreement contains the entire contract and that no warranties or representations expressed or implied have been made other than as set out herein, and acknowledge that the practical and legal implications of this agreement have been explained to them in full and are acceptable to them.

19. **SPECIAL CONDITIONS**

19.1 The parties specifically agree on the following:

9.1.1 The Purchaser will not allow any squatting on the property acquired in terms of this agreement; it will only be used for the purpose of a low-cost housing development;

9.1.2 Following the successful development of the property the Seller will have the right of nominating three (3) beneficiaries for the project, insofar as they qualify for housing subsidy; any financial shortfall will be for their account. Alternatively only serviced sites will be made available to them; and

9.1.3 With the development of the property the Purchaser will, at it's cost, erect and maintain a clearview or similar boundary fence on the Eastern boundary of the property, i.e. between the development and the river to safeguard children from the river.

U het seker reeds kennis geneem dat 'n kooptransaksie wat nie gekoppel is aan die ruil van grond, nie vir ons aanvaarbaar is nie.

Die getekende ooreenkoms tussen ons en die Munisipaliteit wat ek hierby aanheg, is dus steeds van krag. Die ooreenkoms is gesluit in terme van 'n besluit van 29 November 2017, in terme waarvan u 'n mandaat ontvang het om 'n ruitransaksie met ons (Vredenheim) aan te gaan.

Ek het die aangeleenthed met my mede-Vredenheimers bespreek en ons versoek dat:

   a) Gehoor gegee moet word aan die getekende ooreenkoms tussen die partye (kople hierby ingesluit);
   b) Indien enige ander stappe nog deur die Munisipaliteit geneem moet word, dit nou dringend geneem moet word. Soos ons dit sien, het die Raad reeds opdrag gegee en het u reeds die mandaat. Indien ons dit verkeerd interpreteer en dit weer na die Raad verwys moet word, versoek ons dat u dit sonder verwyl op die eersvolgende Raadsvergadering plaas vir bekragtiging.

Ons kan die aangeleenthed nie onbeperk laat aangaan nie, aangesien dit ons benadeel.

Uit Munisipale oogpunt ontsluit die transaksie talle voordele wat in aggeneem is met die besluit om die mandaat aan u te gee.

Ek verneem graag van u.

PROPOSAL ON APPOINTMENT OF TEMPORARY EMPLOYEES
(RESTRUCTURING PROCESS)

Collaborator No:  
File No: 4/1/2  
IDP KPA Ref No: Good Governance / Institutional Development  
Meeting Date: 12 September 2018

1. SUBJECT: PROPOSAL ON THE APPOINTMENT OF TEMPORARY EMPLOYEES – RESTRUCTURING PROCESS

2. PURPOSE

To inform Council of the agreement reached by the trade unions and the employer on the appointment of temporary employees within the restructuring process.

3. DELEGATED AUTHORITY

The Municipal Manager appoints staff except the staff in terms of sections 56 and 57 of the Systems Act.

4. EXECUTIVE SUMMARY

Over the years temporary employees were appointed to perform functions in the organisation instead of filling permanent positions. Employees earning salaries above the threshold are excluded from the provisions of section 198B(3) of the Labour Relations Act. The Act also provides for exemptions, and the employer regards the appointment of temporary employees whilst we dealt with the restructuring process, as such an exemption. The employer has invested time and effort in the temporary employees and it would be a loss to the municipality if we do not try to retain the skills that have been developed.

The employer indicated at the start of the placement process that we will make a proposal on a process of how temporary employees, who adhere to certain criteria, can be appointed without a recruitment and selection process. The employer tabled the proposal at the LLF, and after consultation, reached agreement with the unions on the guidelines of the appointment of temporary employees without following the normal recruitment processes.

The temporary employees not complying with all the criteria can apply for the positions they are currently temporary appointed in, when the posts are advertised.

5. RECOMMENDATION

that Council notes the guidelines that will be used to appoint temporary employees in the restructuring process.

6. DISCUSSION / CONTENTS

6.1 Background

Over the years temporary employees were appointed to perform functions in the organisation instead of filling permanent positions. When recruiting permanent employees the recruitment and selection policy applies.
6.2 **Discussion**

Employees earning salaries above the threshold are excluded from the provisions of section 198B(3) of the Labour Relations Act. The Act also provides for exemptions, and the employer regards the appointment of temporary employees whilst we dealt with the restructuring process, as such an exemption. The employer has invested time and effort in the temporary employees and it would be a loss to the municipality if we do not try to retain the skills that have been developed.

The employer indicated at the start of the placement process that we will make a proposal on a process of how temporary employees, who adhere to certain criteria, can be appointed without a recruitment and selection process. The employer tabled the proposal at the LLF, and after consultation, reached agreement with the unions (SAMWU and IMATU) on the guidelines of the appointment of temporary employees without following the normal recruitment processes.

The temporary employees not complying with all the criteria can apply for the positions they are currently temporary appointed in, when the posts are advertised.

6.3 **Financial Implications**

As per the approved budget.

6.4 **Legal Implications**

The Municipal Manager appoints staff except the staff in terms of sections 56 and 57 of the Systems Act.

Section 66(3) of the Local Government: Municipal Systems Amendment Act 7 of 2011 prescribes the following:

“No person may be employed in a municipality unless the post to which he or she is appointed is provided for in a staff establishment of that municipality”.

Section 198B of the Labour Relations Act confers rights onto employees employed in a temporary position for longer than three months, unless the employee earns more than the threshold or there is an exemption applicable.

The recommendation complies with legislation.

6.5 **Staff Implications**

Temporary employees being placed in appropriate permanent posts on the new staff structure.

6.6 **Previous / Relevant Council Resolutions**

None

LLF resolution 29 May 2018:

“That the Municipal Manager accepts the proposal”.

6.7 **Risk Implications**

Employees may declare disputes.
6.8 **Comments from Senior Management**

Comments from the Management Team solicited at a Management meeting have been incorporated.

**RECOMMENDATION FROM THE EXECUTIVE MAYOR, IN CONSULTATION WITH THE EXECUTIVE MAYORAL COMMITTEE, TO COUNCIL: 2018-09-12: ITEM: 5.2.5**

that Council notes the guidelines that will be used to appoint temporary employees in the restructuring process.

ANNEXURE 1

Proposal on appointment of certain temporary employees during the restructuring process
PROPOSAL ON APPOINTMENT OF CERTAIN TEMPORARY EMPLOYEES DURING THE RESTRUCTURING PROCESS.

Background:

Stellenbosch Municipality employed temporary staff in positions prior to the new structure that was accepted in October 2017 to ensure service delivery and for a number of other reasons.

The Municipality started with a restructuring process that led to the acceptance of a new organizational structure on 25 October 2017. The employer also approved a placement process and in accordance with the guidelines consulted with the unions placements will provide certainty to permanent employees whose positions have no change or minor changes. Employees with major changes to their posts or whose posts have been taken off the in the new structure will be offered suitable alternative positions where at all possible.

The employer indicated from the start that these processes should not hamper the filling of critical positions and some of these positions have been filled or are in the process of being filled.

Stellenbosch Municipality has however employed a number of temporary employees in vacant positions which positions also exists on the new organogram. The employer recognizes that most of these employees on temporary contracts did not go through any or a thorough recruitment and selection process. They have however over the years gained valuable experience and their contribution in the service delivery chain is recognized.

Qualification for permanent employment:

Management deliberated on the matter and wants to make the following proposal to in regard to the permanent employment of temporary employees:

All employees

1. Who have been temporary employed on fixed terms contract(s) continuously for 2 years or more 01 February 2018 (contract fixed term and not linked to project or EPWP); and
2. In a position that can be regarded as minor or no change on the new structure; and
3. The position that exists of the approved structure is vacant; and
4. The employee adhere to the minimum requirements of the post; and
5. The employee has not retired from service of Stellenbosch or any other municipality or its predecessors before the temporary contract was entered into; and
6. The post is not needed to accommodate an employee in the pool; and
7. The Director of the employee confirms that the employee has provided satisfactory work and has a good work record
   a. Proof of attendance record, disciplinary record and leave record must be taken into account
   b. Proof must be provided by the employer that action was taken on non-satisfactory work.
8. The process not to start before alternative positions have been identified for employees in the Pool.

May be offered the permanent position on the new approved organogram.

Such appointment will at the T-Grade to be determined through TASK evaluation based on the functions of the post. An interim salary offer based on the minimum of the scale that is the norm for the position will act as a guideline and will be subject to the evaluation.

This proposal does not apply to:
   a) any temporary employees appointed from 1 February 2018 or any future temporary employees.
   b) any employees who are attached to projects aimed at job creation.
   c) positions who are linked to seasonal work.
   d) positions of the political staff that are linked to the term of the political incumbent.

After approval of this policy by the LLF temporary appointments in vacant permanent positions may only be made if consulted with the Unions. The following matters must be indicated during the consultation:
   Time-period needed of temporary employee
   Reasons for temporary appointment
   No family/ close friends in same unit/section

1 Proof of satisfactory attendance must be available on request by the union
2 A reasonable alternative offer to an employee will satisfy this requirement
1. SUBJECT: MONTHLY FINANCIAL STATUTORY REPORTING: DEVIATIONS FOR AUGUST 2018

2. PURPOSE

To comply with Regulation 36(2) of the Municipal Supply Chain Management Regulations and Section 4.36.2 of the Supply Chain Management Policy 2017/2018 to report the deviations and ratifications to Council.

3. DELEGATED AUTHORITY

Noted by Municipal Council.

4. RECOMMENDATION

that Council notes the deviations and ratifications as listed for August 2018.

5. DISCUSSION / CONTENTS

5.1 Background/ Legislative Framework

The regulation applicable is as follows:

GNR.868 of 30 May 2005: Municipal Supply Chain Management Regulations

Deviation from and ratification of minor breaches of, procurement processes

36. (1) A supply chain management policy may allow the accounting officer—

(a) To dispense with the official procurement processes established by the policy and to procure any required goods or services through any convenient process, which may include direct negotiations, but only—

(i) in an emergency;

(ii) if such goods or services are produced or available from a single provider only;
(iii) for the acquisition of special works of art or historical objects where specifications are difficult to compile;

(iv) acquisition of animals for zoos; or

(v) in any other exceptional case where it is impractical or impossible to follow the official procurement processes; and

(b) to ratify any minor breaches of the procurement processes by an official or committee acting in terms of delegated powers or duties which are purely of a technical nature.

(2) The accounting officer must record the reasons for any deviations in terms of sub regulation (1) (a) and (b) and report them to the next meeting of the council, or board of directors in the case of a municipal entity, and include as a note to the annual financial statements.

5.2 Discussion

<td>The Devon Valley Landfill site is still not in a position to follow the formal tender process, as the MSA 78(3) process is still not finalised. A service provider, JPCE has in the interim been appointed to finalise this process (anticipated to be 3 months). However, the current landfill remaining airspace is estimated at 11 months, and it is thus unreasonable to go through a formal tender process for such a short duration at the completion of the S78(3) process. The municipality is currently engaged in a process with Eskom to relocated overhead cables, which will unlock an estimated 18 years of landfill airspace, and when the new cells are developed, Stellenbosch Municipality will be better placed to go on a long-term tender process for the operation and management of the new cells.</td>

5.3 Legal Implications

The regulation applicable is as follows:

**GNR.868 of 30 May 2005: Municipal Supply Chain Management Regulations**

Deviation from and ratification of minor breaches of, procurement processes

36. (1) A supply chain management policy may **allow the accounting officer**—

(a) To **dispense with the official procurement processes** established by the policy and to procure any required goods or services through any convenient process, which may include direct negotiations, but only—

(i) in an emergency;

(ii) if such goods or services are produced or available from a single provider only;

(iii) for the acquisition of special works of art or historical objects where specifications are difficult to compile;
(iv) acquisition of animals for zoos; or

(v) in any other exceptional case where it is impractical or impossible to follow the official procurement processes; and

(b) to ratify any minor breaches of the procurement processes by an official or committee acting in terms of delegated powers or duties which are purely of a technical nature.

(2) The accounting officer must record the reasons for any deviations in terms of sub regulation (1) (a) and (b) and report them to the next meeting of the council, or board of directors in the case of a municipal entity, and include as a note to the annual financial statements.

5.4 **Staff Implications**

Not staff implications

5.5 **Previous / Relevant Council Resolutions**

None.

5.6 **Risk Implications**

That the market might not be tested. The measures in place to deal with deviations mitigate the risk to an acceptable level. The Auditor-General also audits the deviations during the yearly audit.

6. **Comments from Senior Management**

The item was not circulated for comment except to the Municipal Manager.

6.1 **Acting Municipal Manager**

Supports the recommendations.

Based on the needs analysis, a proposal was submitted by Telkom SA SOC for a voice service solution that is highly configurable and scalable solution and that will deliver tailored PABX capabilities and features to individual end users through feature packages that are closely aligned to the requirements of the Stellenbosch Municipality. Upon enquiry about delivery and implementation timelines of the proposed solution above, on the 6th June 2018, Telkom SA SOC provided us with a formal letter stating that the required voice services for the Stellenbosch Municipality including t-carrier grade links between the Main office in Stellenbosch, Pniel and Franschhoek will most likely take between 3 to 6 months to implement subject to onsite feasibility study and network installation. It is rather impractical under the current circumstances to go out on a normal procurement process. It is recommended that a contract is concluded for a period of six (6) months with Liquid Telecom to bridge the time for implementation of the preferred bidder process. |

MUNICIPAL MANAGER

G. METTLER (MS)
CONSIDERATION OF ITEMS, REPORTS, COMMUNICATIONS, PETITIONS AND APPLICATIONS SUBMITTED VIA THE OFFICE OF THE MUNICIPAL MANAGER

8.1 MUNICIPAL PUBLIC ACCOUNTS COMMITTEE (MPAC):
[CLLR WF PIETERSEN]

8.1.1 CONSIDERATION OF EXPENDITURE INCURRED RELATING TO MATERIAL SUPPLIED BY NEON LIGHTING

Collaborator No: 601335
IDP KPA Ref No: Good Governance
Meeting Date: 14 August 2018

1. SUBJECT: CONSIDERATION OF EXPENDITURE INCURRED RELATING TO MATERIAL SUPPLIED BY NEON LIGHTING

2. PURPOSE OF REPORT

To provide information regarding the expenditure incurred for investigation by MPAC and to be recommended to and considered by Council to ratify the expenditure in terms of Section 4.36.1a (i) of Stellenbosch Municipality Supply Chain Policy (2017/2018).

3. DELEGATED AUTHORITY

Council to ratify the expenditure as the specific nature of the breach is a minor breach of the procurement process, not impacting in any significant way on the essential fairness, equity, transparency, competitiveness or cost effectiveness of the procurement process relating to the procurement of the lighting material for the festival of lights function.

4. EXECUTIVE SUMMARY

Funding for the sourcing of the lighting material for the festival of lights was made available very late in 2017. The lights needed to be installed and tested before the first weekend of December 2017, when the municipality switches on the lights as start of the festive season.

In order to ensure that lights were installed in time to meet the deadline, following the advice from Finance, the Electro-Technical Services Department sourced the material through a deviation process.

5. RECOMMENDATIONS

(a) that the Committee takes note of the circumstances as provided in the report and recommend to Council that the ratification of the expenditure to the amount of R336 932.70 (Excluding VAT) be approved; and

(b) that Council ratifies the expenditure in terms of Section 4.36.1a (i) of Stellenbosch Municipality Supply Chain Policy (2017/2018).
6. DISCUSSION

Background
The annual festival of lights takes place during the first weekend of December each year. The Municipality has been doing this for the past few years as a start of celebration of the festive season. The committee that is responsible for the planning as well as execution of the work to ensure that the event is a success, comprises of representatives from the various departments within the municipality.

The representative from the Electro-Technical Services Department advised the committee at the first planning meeting of the funding requirement for the lighting material. The budget was based on the planning for the material required in line with the theme for the year.

Funding for the sourcing of the material was eventually made available; however, it was made available very late in the year (31 October 2017). It then became impossible for the department to source the material through the normal procurement process and still guarantee completion within the required time (before the first weekend of December 2017).

After discussions with the Finance Department on means how to ensure that the lights are installed in time to meet the deadline, the department was advised to source the material through a deviation process. This the department did, the deviation was approved by the BAC, and the lighting material was sourced.

7. FINANCIAL IMPLICATIONS
The cost for the sourcing of lighting material for the festival of lights celebrations be funded from Unique Key 201706062091. The quotation sourced from Neon Lighting for the required material amounted to R 336 932.70 (VAT Excl.).

8. LEGAL IMPLICATIONS
The recommendations in this report comply with Council’s policies and all applicable legislation.

Supply Chain Management Policy, 4.36.1a (i)
Supply Chain Management Policy, 4.36.b
Supply Chain Regulation 36(1)
MFMA Section 32(2)

9. RISK IMPLICATIONS
The intent was in good faith as it was in the interest of service delivery. The breach is excusable as the Electro-Technical Services Department was advised by Finance that we had to prepare a deviation in order to meet the deadline under the circumstances.

The benefit was that the lights were ready in time and were switched on in the first week of December as it’s always the case all the years.

10. CONCLUSION
It is acknowledged that there were administrative errors relating to the timeous provision of funds for the sourcing of the lights. If the normal procurement process was followed to source the lighting material, at the time the funds were made available (31 October 2017), it cannot be guaranteed that the lights would have been ready to be switched on in the first weekend of December 2017. Having no lights to switch on would have resulted in the event not taking place.

11. COMMENTS FROM THE MUNICIPAL MANAGER
Better planning is required as we knew at the beginning of the year of the festival of lights and procurement needs. Appropriate controls and checks need to be put in place to ensure timeous execution.
MPAC MEETING: 2018-08-14: ITEM 5.1

MPAC made the observation that Section 4.36.1a (i) of the Stellenbosch Municipality Supply Chain Policy refers to minor breaches, which begs the question whether breaches of "minor" nature should at all be brought to MPAC. The Committee is of the view that instances involving "minor breaches" should be dealt with administratively as Deviations or Ratifications. Only matters that require MPAC’s oversight are to be referred to this committee.

MPAC also expressed the view that Administration should clearly state in the item/s the reason/s why matters are referred to MPAC, as well as to clearly indicate the nature of the breach in terms of the MFMA definition of either “irregular”, “unauthorized” or “fruitless” expenditure.

RESOLVED

that the item be referred back to the Administration to provide clarity as to the reason why the matter is referred to MPAC, or whether matters such as this item which involves minor breaches should not be dealt with administratively at another forum.

MPAC MEETING: 2018-09-18: ITEM 5.1

RESOLVED

(i) that it be noted that this item was referred back during the August 2018 meeting for the Administration to advise on;

(ii) that the Committee is in agreement with the departmental reason for ratification in sourcing of material as an exceptional case;

(iii) that the Committee agrees to the sanction of the expenditure as a minor breach and that it be dealt with as per MFMA Circular 68 in relation to a minor breach; and

THAT IT BE RECOMMENDED TO COUNCIL:

(a) that Council takes note of the circumstances as provided in the report, and that the ratification of the expenditure to the amount of R 336 932.70 (Excluding VAT) be approved; and

(b) that Council ratifies the expenditure in terms of Section 4.36.1a (i) of Stellenbosch Municipality Supply Chain Policy (2017/2018).

MEMORANDUM
DEPARTMENT OF COMMUNITY AND PROTECTION SERVICES

To: Aan: MUNICIPAL MANAGER
From: Van: Nombulelo Zwane
Job Title: Manager: Electrical Services
Date: Datum: 08 February 2018

1. PURPOSE

To obtain approval in terms of Supply Chain Management Policy, 4.36.1(b) to ratify any minor breaches of the procurement processes.

Funding for the sourcing of the electrical material for the festival of lights was made available very late in the year (31 October 2017). It became impossible for the department to source for the material through the normal procurement process and still guarantee completion within the required time (before the first weekend of December 2017).

After discussions with the finance department on means how to ensure that the lights are installed in time to meet the deadline, the department was advised to source the material through a deviation process.

2. BACKGROUND

In terms of regulation 36 of the SCM Regulations, the accounting officer is responsible for deciding whether a particular breach of procurement processes is minor or material.

In exercising this discretion the accounting officer must be guided by:

a) The specific nature of the breach: is it simply technical in nature, not impacting in any significant way on the essential fairness, equity, transparency, competitiveness or cost effectiveness of the procurement process?

Comment: The work performed was based on the interest of the organisation to render the service to the community of the greater Stellenbosch. Based on the limited time that was available from the time the funds we provided to the time work had to be completed, deviation was the only means available to source the material and meet the deadline of the first weekend of December 2017.

3. DISCUSSION

b) The circumstance surrounding the breach: are the circumstances justifiable or, at least, excusable?

Comment: The breach is excusable as the Electrical Services Department was advised by Finance that it had to prepare a deviation in order to meet the deadline under the circumstances.

c) The intent of those responsible for the breach: were they acting in good faith?

Comment: The intent was in good faith as it was in the interest of service delivery.
4. **FINANCIAL IMPlications**

d) The financial implication as a result of the breach: what was the extent of the loss or benefit?

Comment: The quotation sourced from New-Neon Lighting for the required material amounted to R 336 932.70 (VAT Inclusive).

5. **RECOMMENDATION**

5.1. That the approval, from u-key 20170628062091 be granted in terms of the Municipality Supply Chain Management Policy 4.36.1(b) to ratify any minor breaches of the procurement processes.

Funding for the sourcing of the electrical material for the festival of lights was made available very late in the year (31 October 2017). It became impossible for the department to source for the material through the normal procurement process and still guarantee completion within the required time (before the first weekend of December 2017).

Given the fact that funding was made available late and planning couldn't be done in time as the lights still need to be manufactured. Funding should be made available with the budget to allow for adequate planning expenditure approved. Value for money received.

2. BACKGROUND

The annual festival of lights takes place during the first weekend in December each year. This the municipality has been doing for the past few years as a start of celebration of the festive season. The committee that is responsible for the planning as well as execution of work to ensure that the event is a success comprises of representatives from the various departments within the municipality.

Because this function is not a function of electrical services department or any specific department within the municipality the committee comprises of representatives from various departments.

Deviations: Festival of lights: Sourcing of material
Page 1 of 4
3. DISCUSSION

The Electrical Services department at the committee for the festival of light meetings, is entrusted with the responsibility to source material as well as installation of these, from the funds made available by the committee.

It was indicated at the first 2017 committee meeting that in order to meet the deadline of the first weekend December 2017, funding was to be made available by February or June latest. This would enable the sourcing of the required material. However it became a challenge to have the funds available. On the 31st October 2017 funds were made available to source the required material. A quotation was sourced from New-Neon lighting who also indicated that they fortunately had the material available, pending the receipt of the purchase order.

The prices seem reasonable and the fact that the material is readily available requires the municipality to consider the quotation. There is not much time left before the first weekend of December, when the municipality usually has the festival of lights event taking place and as a result it is impractical to follow the official procurement process and still meet the deadline.

4. FINANCIAL IMPLICATIONS

A quotation and detailed bill of quantities from New-Neon lighting was received for the supply and delivery of the required material as per the requirement tabled by the festival of lights committee and is attached to the value of R 338 932,70 (VAT incl.)
5. RECOMMENDATION

5.1. That because there is not enough time left before the first week of December when the lights are switched on, that the approval, from U-key 20170826062081 be granted in terms of the Municipality Supply Chain Management Policy 4.36.1(a) 4.36.1(a)(i) for the supply and delivery of the material for the festival of lights. That a quotation from Rainbow Lighting t/a New Neon Lighting for the amount of R 336 932.70 (VAT Ind.) be accepted.

DECLARATION OF BIDDER’S PAST SUPPLY CHAIN MANAGEMENT PRACTICES

This Municipal Bidding Document must form part of all bids invited.

It serves as a declaration to be used by municipalities and municipal entities in ensuring that when goods and services are being procured, all reasonable steps are taken to combat the abuse of the supply chain management system.

The bid of any bidder may be rejected if that bidder, or any of its directors have:

a. abused the municipality’s / municipal entity’s supply chain management system or committed any improper conduct in relation to such system;
b. been convicted for fraud or corruption during the past five years;
c. willfully neglected, reneged on or failed to comply with any government, municipal or other public sector contract during the past five years; or
d. been listed in the Register for Tender Defaulters in terms of section 29 of the Prevention and Combating of Corrupt Activities Act (No 12 of 2004).

In order to give effect to the above, the following questionnaire must be completed and submitted with the bid.

CONSIDERATION OF EXPENDITURE INCURRED RELATING TO SERVICES RENDERED BY DP TRUCKHIRE (B/SM 84/16)

Collaborator No: 605321
IDP KPA Ref No: Good Governance
Meeting Date: 18 September 2018

1. SUBJECT: CONSIDERATION OF EXPENDITURE INCURRED RELATING TO SERVICES RENDERED BY DP TRUCKHIRE (B/SM 84/16)

2. PURPOSE OF REPORT

To provide information regarding the expenditure incurred for investigation by MPAC and to be recommended to and consideration by Council to ratify the expenditure in terms of the MFMA Section 32 (2). The expenditure with regard to the procurement of services for the transport of containerized waste during the months of July and August 2018 is regarded as irregular because it breached the procurement process.

3. DELEGATED AUTHORITY

Council to ratify the expenditure as the specific nature of the breach is a minor breach of the procurement process, not impacting in any significant way on the essential fairness, equity, transparency, competitiveness or cost effectiveness, for the payment to DP Truckhire.

4. EXECUTIVE SUMMARY

Tender B/SM 84/16 was awarded to DP Truckhire in May 2017 for a contract period of 12 months (with no specific commencement date mentioned). There was still an FQ in place for the transport of containerized waste and the department felt it prudent to first let the FQ run its course before initiating the tender, as the same service provider (DP Truckhire) had been appointed for both the FQ and the tender B/SM 84/16. The Solid Waste Management Department was under the impression that the first work was done on B/SM 84/16 on 01 September 2017 and therefore allowed the service to continue until 31 August 2017.

5. RECOMMENDATIONS

(a) that the Committee takes note of the circumstances as provided in the report and recommend to Council the ratification of the expenditure to the amount of R55 290.00 (VAT incl) to DP Truckhire; and

(b) that Council ratifies the expenditure in terms of the MFMA Section 32 (2).

6. DISCUSSION

The Solid Waste Management Department requires an external service provider to transport containerised waste from Franschhoek Drop-off facility and Klapmuts Refuse Transfer Station to the Devon Valley landfill site.

The procurement of a service provider was done via repeated FQs, and this was stopped by Supply Chain Management and requested the Department to advertise a formal bidding process to appoint a suitable service provider via a tender process.
DP Truckhire was the recommended service provider, who was also the company that was the then-current service provider of the FQ to render the services. As there were still funds available on the FQ, and two months remaining of the 12 month period since the FQ award, the department thought it prudent to exhaust the FQ that was in place first, before initiating the tender. It was not aware that the FQ automatically lapsed once the tender had been awarded. An honest mistake by the official in charge of the project led to the breach as it was not known by the official that the FQ had expired on 30 June 2017.

The intent was in good faith as it was not on purpose, and in the interest of continued service delivery.

While the process was admittedly flawed, it is agreed that there were no *male fide*, personal gain or loss for Council, and it is requested that consideration be given to certify the expenditure as irrecoverable and that it be written off.

As recommended in similar recent instances, the need is recognised for improvement and correct procedures in general, with the need for a training program for all level of managers undertaking financial transactions on behalf of Council to be trained or retrained. It is especially important for staff to be informed of correct procedures and the implications of latest financial circulars, changes to policy, etc. The administration is currently drafting the necessary SOP’s in the corporate SOP project, which will also assist in removing the risk of a recurrence.

7. **FINANCIAL IMPLICATIONS**

The overall financial implications are depicted in Appendix 1. Provision has been made on Vote 16530201470000 in the 2017/18 budget for the amount of R55290.00 (VAT incl).

8. **LEGAL IMPLICATIONS**

The recommendations in this report comply with Council’s policies and all applicable legislation.

Supply Chain Management Policy, 4.36.1a (i)
Supply Chain Management Policy, 4.36.b
Supply Chain Regulation 36(1)
MFMA Section 32(2)

9. **RISK IMPLICATIONS**

All intent was in good faith; the breach can be attributed to the initial planning processes and the lack of capacity with regard to ensuring required financial compliances are adhered to.

10. **CONCLUSION**

It is acknowledged that there were minor breaches of the procurement processes. If the process was followed correctly however, the outcome and cost would have been identical. Council incurred no loss during this process and there was no intentional disregard of Council’s procurement processes. It is therefore requested that the expenditure be written off because the services were rendered.
11. COMMENTS FROM THE MUNICIPAL MANAGER

Item for MPAC on 20 March 2018 to be prepared by the user department explaining the minor breaches and what consequence management was implemented. Feedback to be given by the department why this matter is only being addressed now given the fact that the work happened in the first quarter of the financial year, i.e. August 2017.

12. COMMENTS FROM SUPPLY CHAIN MANAGER

SCM is busy to implement processes that will ensure that such practices do not occur again.

MPAC MEETING: 2018-09-18: ITEM 5.2

RESOLVED

(i) that the Committee regards the handling of the matter as irregular because it is a breach of the procurement process;

(ii) that the Committee notes the minor breaches of the procurement process; and

THAT IT BE RECOMMENDED TO COUNCIL:

(a) that Council takes note of the circumstances as provided in the report, and approves the ratification of the expenditure to the amount of R 55 290.00 (VAT incl) to DP Truckhire; and

(b) that Council ratifies the expenditure in terms of the MFMA Section 32 (2).

APPENDIX 1

Ratification: DP Truckhire

(B/SM 2/16) for R 29,640.00
MEMORANDUM
DEPARTMENT OF ENGINEERING SERVICES

To: MUNICIPAL MANAGER
From: Saliem Haider
Job Title: Manager: Solid Waste Management
Date: 05 August 2016
Re: RATIFICATION: DP Truckhire (B/SM 2/16) for R 29,640.00

1. PURPOSE

To obtain approval in terms of Supply Chain Management Policy, 4.36.1(b) to ratify any minor breaches of the procurement processes by an official or committee acting in terms of delegated powers or duties which are purely of a technical nature.

2. BACKGROUND

In terms of regulation 4.36.1 of the SCM Regulations, the accounting officer is responsible for deciding whether a particular breach of procurement processes is minor or material.

In exercising this discretion the accounting officer must be guided by:

a) The specific nature of the breach: is it simply technical in nature, not impacting in any significant way on the essential fairness, equity, transparency, competitiveness or cost effectiveness of the procurement process?

Ratification: DP Truckhire – Hiring of recycling truck off B/SM 2/16
Comment:
1) A 5.5m³ vehicle was hired off annual tender B/SM 2/16 from DP Truckhire for the purpose of recycling collection in Stellenbosch Town.

2) Order number 318877 was generated on 30 March 2016 for a total amount of R199,180.80 (incl VAT) for 1344 hours at R148.20 per hour (incl VAT).

3) By 30 June 2016, 664 hours had been used leaving a balance of 680 hours equal to R100,776.00 (incl VAT).

4) As the order had a balance of 680 hours, and the appointment was made from an annual tender, the work continued as per normal from 01 July 2016.

5) A requisition for the balance was made out on 29 July 2016 by Ms Nell but subsequently turned down by Supply Chain Management as tender B/SM 2/16 had expired on 30 June 2016. Ms Nell was not aware that this was the case.

6) The services of DP Truckhire was immediately terminated once this information came to light and an urgent three quotes process (requisition number 1017378) and FQ process (requisition number 1017400) initiated in the absence of a current annual tender.

7) The work performed was thus based on a previous contract and the service rendered continued by default.

3. DISCUSSION

b) The circumstance surrounding the breach: are the circumstances justifiable or, at least, excusable?

Comment:
An honest mistake led to the breach as it was not known by Ms Nell that the tender B/SM 2/16 had expired 30 June 2016.

c) The intent of those responsible for the breach: were they acting in good faith?

Comment: The intent was in good faith as it was not intentional and in the interest of continued service delivery.
4. FINANCIAL IMPLICATIONS

d) The financial implication as a result of the breach: what was the extent of the loss or benefit?

Comment:
The amount owed to DP Truckhire for the hiring of a vehicle for 200 hours during the month of July 2016 amounts to R29,640.00 (incl VAT). (Invoice 360 from DP Truckhire attached as proof.)

5. COMMENTS FROM OTHER DIRECTORATES

5.1 COMMENTS FROM DIRECTORATE: STRATEGIC & CORPORATE SERVICES (LEGAL SERVICES)

As the services rendered was based on a previous tender B/SM 2/16 which had expired 30 June 2016 it amounts to non-compliance with the MFMA, SCM policy and Treasury Regulations. Only National Treasury can condone the contravention.

6. RECOMMENDATION

That the approval, from vote 1/6530/0764 be granted in terms of the Municipality Supply Chain Management Policy 4.36.1(b) to ratify any minor breaches of the procurement processes, for the ratification of payment which amounts to R 29,640.00 (VAT incl.)

CERTIFICATE OF INDEPENDENT PROPOSAL DETERMINATION

1 This Municipal Bidding Document (MBD) must form part of all bids’ invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging). Collusive bidding is a per se prohibition meaning that it cannot be justified under any grounds.

3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
   a. take all reasonable steps to prevent such abuse;
   b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
   c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

1 Includes price quotations, advertised competitive bids, limited bids and proposals.

2 Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and/or services for purchasers who wish to acquire goods and/or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
CERTIFICATE OF INDEPENDENT PROPOSAL DETERMINATION

I, the undersigned, in submitting the accompanying documentation:

FQ/SM 66/17:

Written quotation and Description

in response to the invitation for the bid/written quotation/formal quotation made by:

STELLENBOSCH MUNICIPALITY

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: D. P. TRUCK HIRE

(Name of Contractor)

that:

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" must include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
   a) has been requested to submit a bid in response to this bid invitation;
   b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
   c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.
6 The contractor has arrived at the accompanying proposal independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium will not be construed as collusive bidding.

7 In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
   a) Prices;
   b) Geographical area where product or service will be rendered (market allocation);
   c) Methods, factors or formulas used to calculate prices;
   d) The intention or decision to submit or not to submit a proposal;
   e) The submission of a proposal which does not meet the specifications and conditions of the proposal;
   or
   f) Propose with the intention not to win the bid/formal quotation/written quotation.

8 In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this invitation relates.

9 The terms of the accompanying bid/formal quotation/written quotation have not been, and will not be, disclosed by the contractor, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

10 I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.

1. **SUBJECT: CONSIDERATION OF EXPENDITURE INCURRED RELATING TO SERVICES RENDERED BY APPOINTMENT OF ENVIRONMENTAL CONSULTANT**

2. **PURPOSE OF REPORT**

   To provide information regarding the expenditure incurred for investigation by MPAC and to be recommended to and considered by Council to ratify the expenditure in terms of Section 4.36.1a (i) of Stellenbosch Municipality Supply Chain Policy (2017/2018).

3. **DELEGATED AUTHORITY**

   Council to ratify the expenditure as the specific nature of the breach is simply technical in nature, not impacting in any significant way on the essential fairness, equity, transparency, competitiveness or cost effectiveness of the procurement process relating to the procurement of service of an environmental consultant.

4. **EXECUTIVE SUMMARY**

   Stellenbosch Municipality received a pre-directive reference: 14/1/1/E2/4/8/4/0297/17 from the Department of Environmental Affairs and Development Planning dated 12th May 2017 (see attached). The Municipality was instructed via the pre-directive to provide the Department of Environmental Affairs and Planning within seven (7) days with a written report compiled by a registered environmental specialist and input from a freshwater specialist.

   The service provider was instructed to inspect the affected area immediately and commence with the compilation of said report due to the timeframe and urgency of the work that needed to be performed as outlined in the pre-directive. Delays in submitting the required quotation resulted in the administrative requirements not being adhered to.

5. **RECOMMENDATIONS**

   (a) that the Committee takes note of the circumstances as provided in the report and recommend to Council that the ratification of the expenditure to the amount of R 62 905.00 (Incl. VAT) be approved; and

   (b) that Council ratifies the expenditure in terms of Section 4.36.1a (i) of Stellenbosch Municipality Supply Chain Policy (2017/2018).
6. DISCUSSION

Background

Stellenbosch Municipality received a pre-directive reference: 14/1/1/E2/4/8/4/0297/17 from the Department of Environmental Affairs and Development Planning dated 12th May 2017. A number of prospective service providers were contacted to enquire whether they will be available on such short notice. It was only Withers Environmental Consultants in collaboration with Blue Science (freshwater specialist) that were available to inspect the site immediately.

Once the quotations were received the necessary paperwork were completed for both service providers. During the vetting stage it was discovered that Withers Environmental Consultants was not tax compliant. In our discussions with the service provider we were informed that both service providers (Withers and Blue Science) were registered on database of tender BSM16/16 and at the time of document submissions all paperwork were up to date.

Water Services enquired from Supply Chain Management (SCM) regarding the tender BSM 16/16. According to SCM records, Withers have only been acting as a third party in providing services via BSM 16/16 and not directly to Stellenbosch Municipality. Since both the service providers already started with the report it was decided to wait on the tax certificate in order to finalize Withers Environmental Consultants’ order. The said certificate was only forwarded to Stellenbosch Municipality on 11th October 2017.

A ratification document was submitted and approved by the Municipal Manager, dated 13th November 2017.

7. FINANCIAL IMPLICATIONS

The cost for compilation of the report and public participation will be funded from Unique Key 20170626062079.

8. LEGAL IMPLICATIONS

The recommendations in this report comply with Council’s policies and all applicable legislation.

Supply Chain Management Policy, 4.36.1a (i)
Supply Chain Management Policy, 4.36.b
Supply Chain Regulation 36(1)
MFMA Section 32(2)

9. RISK IMPLICATIONS

The intent was in good faith as it was in the interest of service delivery and to adhere to Stellenbosch Municipality pillars of a “Green and Sustainable Valley” and “Good Governance & Compliance”.
10. **CONCLUSION**

   It is acknowledged that there were administrative errors relating to the timeous issuing of the required documentation and submission of requisition for the work to be done. If the process was followed correctly however, the outcome and cost would have been identical. Council incurred no loss during this process and there was no intentional disregard of Council's procurement processes. It is therefore requested that the expenditure be approved because the services were rendered.

**MPAC MEETING: 2018-09-18: ITEM 5.3**

RESOLVED

(i) that the Committee notes that the recommendations comply with all the relevant policies of Council as per No. 8 – Legal implications; and

THAT IT BE RECOMMENDED TO COUNCIL:

(a) that Council takes note of the technical circumstances of the breach as provided in the report, and that the ratification of the expenditure to the amount of R 62 905.00 (Incl. VAT) be approved; and

(b) that Council ratifies the expenditure in terms of Section 4.36.1a (i) of Stellenbosch Municipality Supply Chain Policy (2017/2018).

Ratification: urgent appointment of environmental consultant and Freshwater specialist at WH WWTW (R 27 816.00 & 35 089.00 = 62905.00 INCL. VAT)
MEMORANDUM

DEPARTMENT OF ENGINEERING SERVICES

To: Aan: MUNICIPAL MANAGER
From: Van: James Beukes
Job Title: Head: Water and Waste Water Treatment Works
Date: Datum: 25 October 2017
Re: Inset: RATIFICATION: URGENT APPOINTMENT OF ENVIRONMENTAL CONSULTANT AND FRESHWATER SPECIALIST AT WH WWTW (R 27 816.00 & 35 089.00 = R 62 905.00 INCL VAT)

1. PURPOSE

To obtain approval in terms of Supply Chain Management Policy, 4.35.1(b) to ratify any minor breaches of the procurement processes, amounting to R 62 905.00 INCL VAT for the urgent appointment of an environmental consultant and freshwater specialist at WH WWTW.

2. BACKGROUND

On the 30 May 2017 a deviation process was followed to appoint service providers due to a directive that was served with regard to the Wemmershoek WWTW. The relevant processes and protocol were observed. All stakeholders were in agreement and the viewpoint was that it was merely a formality and that approval was imminent. After signature of the SCM Manager, further vetting was done and found the service provider’s tax clearance was not valid and the issuing of a new valid tax certificate was in process. Unfortunately this process took much longer than anticipated.
In terms of regulation 38 of the SCM Regulations, the accounting officer is responsible for deciding whether a particular breach of procurement processes is minor or material.

In exercising this discretion the accounting officer must be guided by:

a) The specific nature of the breach: is it simply technical in nature, not impacting in any significant way on the essential fairness, equity, transparency, competitiveness or cost effectiveness of the procurement process?

Comment: The breach is technical in nature due the internal requirements of vetting that is required for the appointment of a contractor. Essential fairness, equity, transparency, competitiveness or cost effectiveness of the procurement process was not compromised.

3. DISCUSSION

b) The circumstance surrounding the breach: are the circumstances justifiable or, at least, excusable?

Comment: The breach is justifiable and excusable as the municipality had no prior knowledge or control of the circumstances leading to the delay in appointment.

c) The intent of those responsible for the breach: were they acting in good faith?

Comment: Yes, at the time the service provider wasn’t aware of any non-compliance.

4. FINANCIAL IMPLICATIONS

d) The financial implication as a result of the breach: what was the extent of the loss or benefit?

Comment: There was no loss or benefit since the service weren’t rendered financially to the detriment of the municipality.
5. RECOMMENDATION

5.1. That the approval, from U-Key 20170626062079 be granted in terms of the Municipality Supply Chain Management Policy 4.36.1(b) to ratify any minor breaches of the procurement processes, as it is related to so called unauthorized, irregular, wasteful and fruitless expenditure for the ratification of payment which amounts to R 62 905.00. Hi James,

Herewith the relevant documentation for registration. I seem to have lost the lady's name who I was dealing with. Trust this will be in order.

In the meantime, I have just obtained Dana's report that I am working through. I will send this through to DEADP and DWS shortly. I am also working on the Stellenbosch WWTW's report as well.

Kind regards,

Aubrey

In terms of a valid Municipal account, I don't have one as I rent premises from my Orchard Family Trust and the house I stay in belongs to my wife. I can send you the forms that you sent me in the interim should you want them now.

The Municipality should have them as I can remember filling them in.

MEMORANDUM
DIRECTORATE: ENGINEERING SERVICES

To = Aan : MUNICIPAL MANAGER
From = Van : James Beukes
Job Title : Head: WTW & WWTW
Date = Datum : 30 MAY 2017
Re = Insake : DEVIATION: URGENT APPOINTMENT OF ENVIRONMENTAL CONSULTANT AND FRESHWATER SPECIALIST AT WEMMERSHOEK WASTEWATER TREATMENT WORKS

1. PURPOSE
To obtain approval in terms of Supply Chain Management Policy, to deviate from the official procurement process, 4.36.1(a)

REASON FOR DEVIATION: (Mark with x where applicable)
1. Emergency. X
2. Goods or services are produced or available from a single provider.
3. Acquisition of special works of art or historical objects where specifications are difficult to compile.
4. Acquisition of animals for zoos and/or nature and game reserves.
5. Exceptional case and it is impractical or impossible to follow the official procurement processes. X

2. BACKGROUND
The Wemmershoek Wastewater Treatment Works (WH WWTW) is situated on the banks of the Berg River which is a national listed river as per Department of Water and Sanitation, Notice No. 665. Revision of General Authorisations in Terms of Section 39 of the National Water Act, 1998
(Act No. 36 of 1998) published 6th September 2013 pages 16 to 18. Listed rivers have more stringent effluent discharge compliance criteria and therefore any emergency should be attended to as soon as possible to minimize any impact on the environment. In the case of the WH WWTW a day resort, Riverside, is situated 800m from the plants discharge point and day campers make use of the river for swimming and leisure. Furthermore farmers downstream of the plant irrigate their crops from the river. Failure to comply with Euro gap standards (this is the standard against which water quality is measured in order to export to Europe) may result in their crops being rejected for exports.

The Wemmershoek Waste Water Treatment Works (WH WWTW) is a 5ML/day Nereda Process plant that utilizes the Nereda Process and is operated and maintained according to the Nereda process principles. The whole process is SCADA driven with remote monitoring and control. Due to the mechanical malfunction of the plant there was sludge carry-over to the maturation pond and eventually contamination of the side ditch that flows into the Berg River (see attached notice from DEAP and report).

3. DISCUSSION

Treated effluent flows from Reactors 1 and 2 into the Chlorine Contact Tank (CCT) where the water is disinfected. After a contact time of between 2 to 3 hours it is discharged into the maturation pond which serves as a final polishing step before the effluent is discharged into the Berg River. Due to numerous mechanical and electrical failures the effluent discharged from the reactors contains sludge (suspended matter) particles which then deposited in side ditch marked “sloot 3” on attached map. Reeds beds have overgrown the area resulting in that the deposited sludge cannot be flushed out but is contained within the side ditch. Despite post chlorination (disinfect with chlorine tablets as water flows through the side ditch) attempts to get the bacteriological count within limits, we still experienced regular failures.

The Maturation pond was dredged and cleaned during the month of May 2017. The outstanding issue as per Pre-directive is aimed at cleaning the side ditch that is currently clogged with sludge. The Pre-directive means to clean the side ditch within a shorter period of time since going the route of a Section 30 will prolong the process. The final effluent exiting the plant conforms to Department of Water and Sanitation General Limits. However once it leave the plant the bacteriological levels increases due the polluted side ditch (see bacteriological results attached).

Stellenbosch Municipality was instructed as per Pre-Directive 14/1/1/E2/4/8/4/0297/17 (attached) to make use of specialist and submit a rehabilitation plan within seven working days. A number of service providers were approached to do the cleaning and many can only assist with a lead time of two weeks and more. Withers Environmental Consultants and BlueScience Freshwater Specialist were the only service providers that should assist within a week.
4. FINANCIAL IMPLICATIONS

4.1. The quotation received from Withers Environmental Consultants amounts to R27 816.00 (incl of Vat).

4.2. The quotation received from BlueScience Freshwater Specialist amounts to R35 089.00 (incl of Vat).

5. RECOMMENDATION

5.1. That the approval, from vote 1/6611/1560 (R358068.00) be granted in terms of the Municipality Supply Chain Management Policy 4.36.1(a) 4.36.1(a)(i) in an emergency for the deviation for payment which amounts to R27 816.00 (incl of Vat) to Withers Environmental Consultants to compile the rehabilitation plan at Wemmershoek Wastewater Treatment Works.

5.2. That the approval, from vote 1/6611/1560 (R358068.00) be granted in terms of the Municipality Supply Chain Management Policy 4.36.1(a) 4.36.1(a)(i) in an emergency for the deviation for payment which amounts to R35 089.00 (incl of Vat) to BlueScience Freshwater Specialist to compile the rehabilitation plan at Wemmershoek Wastewater Treatment Works.

PRE-DIRECTIVE

Dear Madam

INTENTION TO ISSUE A DIRECTIVE IN TERMS OF SECTION 28(4)
OF THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998

1. The Department’s Directorate: Pollution and Chemicals Management has been in consultation with the Stellenbosch Municipality for several years regarding the discharge of substandard effluent from the Wemmershoek Wastewater Treatment Works into the Berg River.
2. Due to a lack of urgency by the Municipality to resolve long standing pollution of the Berg River due to difficulties in commissioning the NEREDA system, it has now reached a point where the situation has persisted for too long without resolution. The Department believes that the pollution is significantly impacting the environment and poses a risk to the wellbeing of water-users along the river.

Aerial map 1: Location of pollution activity from Wemmershoek WWTW.
3. Section 28(1) of the National Environmental Management Act, 1998 ("NEMA") provides that every person who causes, has caused or may cause significant pollution or degradation of the environment must take reasonable measures to prevent such pollution or degradation from occurring, continuing or recurring, or, in so far as such harm to the environment is authorised by law or cannot reasonably be avoided or stopped, to minimise and rectify such pollution or degradation of the environment.

4. On considering the evidence before me there are reasonable grounds to believe that the municipality is causing significant pollution of the environment and that you have not taken reasonable measures to prevent such pollution from occurring.
Photo 1: Sludge from the Wemmershoek WWTW visible in the discharge channel.

Photo 2: Alternative view of the sludge from the Wemmershoek WWTW flowing into the discharge channel.
5. The NEMA makes provision for the criminal prosecution of officials of an organ of state, such as national or provincial government departments; municipalities or public entities.

6. As such, you are hereby given notice of the Department's intention to issue you with a Directive in terms of section 28(4) of the NEMA, which will direct you to:

6.1 investigate, assess and evaluate the impact on the environment;

6.2 inform and educate employees about the environmental risks of their work and the manner in which their tasks must be performed in order to avoid causing significant pollution and/or degradation of the environment;

6.3 cease, modify or control any act, activity or process causing the pollution or degradation;

6.4 contain or prevent the movement of pollutants or the cause of the degradation;
6.5 eliminate any source of the pollution or degradation; or

6.6 remedy the effects of the pollution or degradation.

7. In terms of section section 49A(1)(g) of the NEMA failure to comply with a Directive is an offence.

8. A person convicted of the above offences is liable to a fine not exceeding R10 million or to imprisonment for a period not exceeding 10 years, or to both such fine and such imprisonment.

9. You are afforded a period of 7 (seven) working days from the date of receipt of this Pre-Directive to make written representations to the Department.

10. Should you inform the Department, in respect of paragraph 9 above that you intend to remedy the pollution you must submit to the Department for approval, within 7 (seven) working days of receipt of this Pre-Directive, a method statement compiled by a suitably qualified and experienced independent environmental assessment practitioner, which must include the following:

10.1 assessment and evaluation of the impact on the environment;

10.2 identification of proposed remedial and/or mitigation measures;

10.3 a clean-up and rehabilitation plan which should be compiled in conjunction with a freshwater specialist. The report should include reasonable measures to ensure that:

10.3.1 a mechanism is in place to block off sediment that will be released into the water during the cleaning of sludge from the channel e.g. sand bags.

10.3.2 no stockpiles are allowed next to the river/wetland/stream, not even temporarily. Polluted soil must be taken away immediately.
and stored/disposed of without causing any further pollution or health risks.

10.3.3 Downstream users within a 2km radius must be informed of the date and time of clean-up.

10.3.4 The stability of the watercourse(s) is not detrimentally affected.

10.3.5 Acceptable operational practices are followed.

10.3.6 Scouring, erosion or sedimentation of the watercourse(s) is prevented.

10.3.7 Rehabilitation of the watercourse, including riparian and instream habitat, is undertaken after any alteration of the bed, banks, course or characteristics of a watercourse(s).

11. If the above report is approved by the Department, you will be obliged to take the necessary remedial / mitigation measures at your own cost.

1. SUBJECT: CONSIDERATION OF EXPENDITURE INCURRED RELATING TO SERVICES RENDERED BY KILOTREADS

2. PURPOSE OF REPORT

To provide information regarding the expenditure incurred for investigation by MPAC and to be recommended to and considered by Council to ratify the expenditure in terms of the MFMA Section 32 (2). The expenditure with regard to the procurement of services for the supply, delivery, repair and fitment of tyres on various vehicles for Solid Waste Management during the month of July 2017 is regarded as irregular because it breached the procurement process.

3. DELEGATED AUTHORITY

Council to ratify the expenditure as the specific nature of the breach is a minor breach of the procurement process, not impacting in any significant way on the essential fairness, equity, transparency, competitiveness or cost effectiveness, for the payment of Kilotreads (FQ 303/17).

4. EXECUTIVE SUMMARY

FQ 303/17 was awarded to Kilotreads on 28 April 2017 for the supply, deliver, repair and fitment of tyres on various vehicles for Solid Waste Management. Order number 336317 was generated on 5 May 2017 for a total amount of R200 000 (incl VAT) for all tyres on the FQ. By 30 June 2017, only R24 561.40 (incl VAT) had been spent of the order and the remaining R175 438.60 was still available on the FQ. As the FQ had this balance, the work continued as per normal from 01 July 2017. A requisition for the balance was made out on 25 July 2017 by Ms M Williams on behalf of Mr A Heyns, but this was subsequently turned down by Supply Chain Management as FQ 303/17 had expired on 30 June 2017. Mr Heyns was not aware that this was the case. The services of Kilotreads were immediately terminated once this information came to light and a new FQ process was initiated. The work performed was thus based on the expired FQ and the service rendered continued by default.

5. RECOMMENDATIONS

(a) that the Committee takes note of the circumstances as provided in the report and recommend to Council the ratification of the expenditure to the amount of R16 650.84 (VAT incl) to Kilotreads; and

(b) that Council ratifies the expenditure in terms of the MFMA Section 32 (2).
6. DISCUSSION

The Solid Waste Management Department requires an external service provider to supply, deliver, repair and fit tyres on various vehicles utilised by this department. Waste collection and transport thereof remains a core functional activity for continued service delivery, and it is thus essential that the fleet is fitted with tyres fit and legally compliant to render the service to the public.

The procurement of a service provider was done via an FQ process, and Kilotreads was the successful service provider. This order was generated late in the previous financial year (2016/17), and only a small portion of the order was utilised in the remaining months of that financial year. The official in charge of fleet services was under the incorrect impression that the remaining funds on this order could be utilised in the new financial year, and procured the services of the service provider in the new financial year (July 2017). When it came to light that this was not the case, the services of Kilotreads was stopped with immediate effect.

The intent was in good faith as it was not on purpose, and in the interest of continued service delivery.

While the process was admittedly flawed, it is agreed that there were no *male fide*, personal gain or loss for Council, and it is requested that consideration be given to certify the expenditure as irrecoverable and that it be written off.

As recommended in similar recent instances, the need is recognised for improvement and correct procedures in general, with the need for a training program for all level of managers undertaking financial transactions on behalf of Council to be trained or retrained. It is especially important for staff to be informed of correct procedures and the implications of latest financial circulars, changes to policy, etc. The administration is currently drafting the necessary SOP’s in the corporate SOP project, which will also assist in removing the risk of a recurrence.

7. FINANCIAL IMPLICATIONS

Provision has been made from 20170608983235 in the 2017/18 budget for the amount of R16 650.84 (VAT incl).

8. LEGAL IMPLICATIONS

The recommendations in this report comply with Council’s policies and all applicable legislation.

Supply Chain Management Policy, 4.36.1a (i)
Supply Chain Management Policy, 4.36.b
Supply Chain Regulation 36(1)
MFMA Section 32(2)

9. RISK IMPLICATIONS

All intent was in good faith; the breach can be attributed to the initial planning processes and the lack of capacity with regard to ensuring required financial compliances are adhered to.
10. CONCLUSION

It is acknowledged that there were minor breaches of the procurement processes. If the process was followed correctly however, the outcome and cost would have been identical. Council incurred no loss during this process and there was no intentional disregard of Council’s procurement processes. It is therefore requested that the expenditure be written off because the services were rendered.

11. COMMENTS FROM THE MUNICIPAL MANAGER

Consequence management against the official should be implemented.

12. COMMENTS FROM SUPPLY CHAIN MANAGER

SCM is busy to implement processes that will ensure that such practices do not occur again.

RECOMMENDATIONS FROM MPAC TO COUNCIL: 2018-09-18: ITEM 5.4

(a) that Council takes note of the circumstances as provided in the report, and approves the ratification of the expenditure to the amount of R16 650.84 (VAT incl) to Kilotreads; and

(b) that Council ratifies the expenditure in terms of the MFMA Section 32 (2).

Re: Ratification: Kilo reads (FQ 303/17) for R 16,650.54

1. PURPOSE

To obtain approval in terms of Supply Chain Management Policy, 4.36.1(b) to ratify any minor breaches of the procurement processes by an official or committee acting in terms of delegated powers or duties which are purely of a technical nature.

2. BACKGROUND

In terms of regulation 4.36.1 of the SCM Regulations, the accounting officer is responsible for deciding whether a particular breach of procurement processes is minor or material.

In exercising this discretion the accounting officer must be guided by:

a) The specific nature of the breach: is it simply technical in nature, not impacting in any significant way on the essential fairness, equity, transparency, competitiveness or cost effectiveness of the procurement process?

Ratification: Kilo reads—Supply, deliver, repair and filling of tyres FQ 303/17
Comment:

1) FQ 303/17 was awarded to Kilotreads on 28 April 2017 for the supply, deliver, repair, and fitment of tyres on various vehicles for Solid Waste Management.

2) Order number 334317 was generated on 5 May 2017 for a total amount of R200,000 (incl VAT) for all tyres on the FQ.

3) By 30 June 2017, only R 24,561.40 (incl VAT) had been spent of the order and remaining R175,438.60 was still available on the FQ.

4) As the FQ had a balance of R175,438.60, and the appointment was made using FQ process, the work continued as per norm until 01 July 2017.

5) A requisition for the balance was made out on 25 July 2017 by Ms M Williams on behalf of Mr A Heyns but subsequently turned down by Supply Chain Management as FQ 303/17 had expired on 30 June 2017. Mr A Heyns was not aware that this was the case.

6) The services of Kilotreads were immediately terminated once this information came to light and a new FQ process was initiated.

7) The work performed was thus 'based on a previous contract and the service rendered continued by default.

3. DISCUSSION

b) The circumstance surrounding the breach: are the circumstances justifiable or, at least, excusable?

Comment:

An honest mistake led to the breach as it was not known by Mr A Heyns that the FQ 303/17 had expired on 30 June 2017.

c) The intent of those responsible for the breach: were they acting in good faith?

Comment: The intent was in good faith as it was not on purpose and in the interest of continued service delivery.

Ratification: Kilotreads - Supply, deliver, repair and fitment of tyres FQ 303/17
4. FINANCIAL IMPLICATIONS

d) The financial implication as a result of the breach: what was the extent of the loss or benefit?

Comment:
The amount owed to Kilotreads for tyres procured is R 16 650.84 (incl. VAT).
(invoice nos.: SIN 151755, SIN 151756 & SIN 151757 from Kilotreads attached as proof.)

CERTIFICATE OF INDEPENDENT PROPOSAL DETERMINATION

1. This Municipal Bidding Document (MBD) must form part of all bids invited.

2. Section 4 (1) (a) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging). Collusive bidding is a per se prohibition meaning that it cannot be justified under any grounds.

3. Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
   a. take all reasonable steps to prevent such abuse;
   b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
   c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

4. This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid rigging.

5. In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid.

* Includes price quotations, advertised competitive bids, limited bids and proposals.

** Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and/or services for purchasers who wish to acquire goods and/or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

A Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, talents, skill and knowledge in an activity for the execution of a contract.

CERTIFICATE OF INDEPENDENT PROPOSAL DETERMINATION

I, the undersigned, in submitting the accompanying documentation:

REQUISITION NO.

Written quotation and Description)

In response to the invitation for the bid/written quotation/formal quotation made by:

STELLENBOSCH MUNICIPALITY

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: KILOTREADS STELLENBOSCH PTY LTD (Name of Contractor),

that:

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
   a) has been requested to submit a bid in response to this bid invitation;
   b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
   c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder;
6. The contractor has arrived at the accompanying proposal independently from, and without consultation, communication, agreement or arrangement with any competitor. However, communication between partners in a joint venture or consortium will not be construed as collusive bidding.

7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
   a) prices;
   b) geographical area where product or service will be rendered (market allocation);
   c) methods, factors or formulas used to calculate prices;
   d) the intention or decision to submit or not to submit a proposal;
   e) the submission of a proposal which does not meet the specifications and conditions of the proposal;
   f) propose with the intention not to win the bid/formal quotation/written quotation.

8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this invitation relates.

9. The terms of the accompanying bid/formal quotation/written quotation have not been, and will not be, disclosed by the contractor, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No. 93 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No. 12 of 2004 or any other applicable legislation.

CONSIDERATION OF EXPENDITURE INCURRED RELATING TO CONSULTANCY SERVICES FOR UPGRADING OF BERZICHT TAXI RANK

Collaborator No: 605528
IDP KPA Ref No: Good Governance
Meeting Date: 18 September 2018

1. SUBJECT: CONSIDERATION OF EXPENDITURE INCURRED RELATING TO CONSULTANCY SERVICES FOR UPGRADING OF BERZICHT TAXI RANK

2. PURPOSE OF REPORT

To provide information regarding the expenditure incurred for investigation by MPAC and to be recommended to and considered by Council to ratify the expenditure in terms of Section 4.36.1a (i) of Stellenbosch Municipality Supply Chain Policy (2017/2018).

3. DELEGATED AUTHORITY

Council to ratify the expenditure as the specific nature of the breach is a minor breach of the procurement process, not impacting in any significant way on the essential fairness, equity, transparency, competitiveness or cost effectiveness, for the payment of Orrie, Welby-Solomon (OWS) for consultancy services rendered.

4. EXECUTIVE SUMMARY

OWS was appointed to render consulting services, through a Formal Quotation (FQ) procedure. With the increase in construction cost, the initial estimate for consultancy fees was exceeded. The FQ process, initially followed, could not make allowance for further payment.

5. RECOMMENDATIONS

(a) that the Committee takes note of the circumstances as provided in the report and recommend to Council the ratification of the expenditure to the amount of R 225 806.93 (VAT incl.) to Orrie, Welby-Solomon & Associates; and

(b) that Council ratifies the expenditure in terms of Section 4.36.1a (i) of Stellenbosch Municipality Supply Chain Policy (2017/2018).

6. DISCUSSION

Background

Formal Quotations (FQ 157/16) were received by the Municipality in November 2015 for the planning, design and construction monitoring of upgrades to Bergzicht Taxi Rank. OWS was appointed in December 2015 to carry out consultancy services to the amount of R165 000.00.

OWS had demonstrated best value for money, when compared to other service providers, and had continued by default, rendering a consultancy service fulfilling all the obligations stated in the FQ and Letter of Appointment.

The formal quotation amount was based on a specific construction value and period. The scope had remained unchanged, and the increase in consultancy fees can be attributed to:
- Increase in construction period from 3 months to more than 6 months.
- Increase in construction costs from R1.5 million to more than R2.5 million largely attributed to unforeseen underground conditions.
- Need for additional traffic impact studies - in line with the scope of works.
- Need for additional liaisons with taxi associations to ensure that impact of construction on the operations of the taxi rank is minimized.

The consultancy fees are based on the provisions stipulated in the FQ and Letter of Appointment, ensuring value for money and essential and fair consulting fees.

7. FINANCIAL IMPLICATIONS

The total financial implication of this ratification is R 225,806.93 (including Vat), with a total project cost of R414,408.51.

The cost for the repairs could be funded from Unique Key 20170608984271.

OWS had rendered all planning, contract and construction management services; the financial impact a new consultant would have on a project is an increase in cost for the municipality.

8. LEGAL IMPLICATIONS

The recommendations in this report comply with Council’s policies and all applicable legislation.

Supply Chain Management Policy, 4.36.1a (i)
Supply Chain Management Policy, 4.36.b
Supply Chain Regulation 36(1)
MFMA Section 32(2)

9. RISK IMPLICATIONS

All intent was in good faith; the breach can be attributed to the initial planning processes and the lack of capacity with regard to ensuring required financial compliances are adhered to.

10. CONCLUSION

The extent of work during the initial planning process is at times not fully understood; during initial planning stages no detailed investigations are done; only preliminary concepts are formulated and compiled.

All staff involved in the compilation of the FQ as well as the initial planning and implementation stages of the project, has left the employ of the Municipality. It was not possible to timeously arrange for necessary financial processors — at the time there was a critical shortage of staff within the Department.
MPAC MEETING: 2018-09-18: ITEM 5.5

RESOLVED

(i) that the Committee is in agreement with the departmental reason for ratification in sourcing of material as an exceptional technical case;

(ii) that the Committee agrees to the sanction of the expenditure as a minor breach and that it be dealt with as per MFMA Circular 68 in relation to a minor breach; and

THAT IT BE RECOMMENDED TO COUNCIL:

(a) that Council takes note of the circumstances as provided in the report, and approves the ratification of the expenditure to the amount of R 225 806.93 (VAT incl.) to Orrie, Welby-Solomon & Associates; and

(b) that Council ratifies the expenditure in terms of Section 4.36.1a (i) of Stellenbosch Municipality Supply Chain Policy (2017/2018).

Ratification: Orrie, Welby-Solomon & Associates – Bergzicht Taxi Rank for R225 806.93 including VAT
To: Aan: MUNICIPAL MANAGER
From: Van: Johan Fullard
Job Title: Senior Manager, Roads, Transport, Stormwater & Traffic Engineering
Date: Datum: 27 July 2018
Re: Insake: RATIFICATION: Orrie, Welby-Solomon & Associates – Bergzicht Taxi Rank for R 225 806.93 including Vat

1. PURPOSE

To obtain approval in terms of Supply Chain Management Policy, 4.36.1(b) to ratify any minor breaches of the procurement processes, and arrange payment to Orrie, Welby-Solomon & Associates (OWS).

2. BACKGROUND

Formal Quotations (FQ 157/16) was received by the Municipality in November 2015 for the planning, design and construction monitoring of upgrades to Bergzicht Taxi Rank. OWS was appointed in December 2015 to carry of consultancy services to the amount to the amount of R165 000.00.

Specific nature of the breach:
The nature of the breach was purely technical, not impacting in any way on the essential fairness, equity, transparency.

OWS had demonstrated best value for money, when compared to other service providers, and had continued by default, rendering a consultancy service fulfilling all the obligations stated in the FQ and Letter of Appointment.

The consultancy fees, including amounts in excess of R165 000 are based on the provisions stipulated in the FQ and Letter of Appointment, ensuring value for money and essential and fair consulting fees.

Ratification: Orrie, Welby – Solomon & Associates Bergzicht Taxi Rank
3. DISCUSSION

The circumstances surrounding the breach:
The formal quotation amount was based on a specific construction value and period. The scope had remained unchanged, and the increase in consultancy fees can be attributed to:
- Increase in construction period from 3 months to more than 6 months.
- Increase in construction costs from R1.5 million to more than R2.5 million largely attributed to unforeseen underground conditions.
- Need for additional traffic impact studies - in line with the scope of works.
- Need for additional liaisons with taxi associations to ensuring that impact of construction on the operations of the taxi rank is minimized.

It was not operationally viable for a new engineering consultant firm to be brought into the project, the new consultant would have to acquire knowledge of the planning, progress made and challenges of the project, this would have resulted in additional delays.

To ensure an adequate level of service delivery to the more than 15 000 daily commuters utilizing the facility, the speedy completion of the work was imperative, so as to minimize the disruption to the normal transport operations.

The intent of those responsible for the breach:
All intent was in good faith, the breach can be attributed to the initial planning processes and the lack of capacity to ensure the continuous financial compliance requirements within the department.

The extents of work during the initial planning process is at times not fully understood, during initial planning stages no detailed investigations are done, only preliminary concepts are formulated and compiled.

All parties involved in the compilation of the FQ as well as the planning and implementation of the project has left the employment of the Municipality. It was therefore not possible to timeously arrange for necessary processors as a result of the lack continuity in Senior Management, a critical shortage of staff within the Roads and Transportation Section and a high number of vacant positions within the Department.
4. **FINANCIAL IMPLICATIONS**

The total financial implication of this ratification is R 225,806.93 including Vat, with a total project cost of R414,408.51.

It is not financially beneficial to appoint another consultant, whilst OWS rendered all planning, contract and construction management services, the financial impact a new consultant would have on a project is an increase in cost for the municipality, therefore the services delivered was financially beneficial to the Municipality.

8.1.6 CONSIDERATION OF EXPENDITURE INCURRED RELATING TO THE PROVISION OF EMERGENCY SERVICES BY CBI ELECTRIC

Collaborator No: 605801
IDP KPA Ref No: Good Governance
Meeting Date: 18 September 2018

1. SUBJECT: CONSIDERATION OF EXPENDITURE INCURRED RELATING TO THE PROVISION OF EMERGENCY SERVICES BY CBI ELECTRIC

2. PURPOSE OF REPORT

To provide information regarding the expenditure incurred for investigation by MPAC and to be recommended to and considered by Council to ratify the expenditure in terms of Section 4.36.1a (i) of Stellenbosch Municipality Supply Chain Policy (2017/2018).

3. DELEGATED AUTHORITY

Council to ratify the expenditure as the specific nature of the breach is a minor breach of the procurement process, not impacting in any significant way on the essential fairness, equity, transparency, competitiveness or cost effectiveness of the payment of CBI for services rendered.

4. EXECUTIVE SUMMARY

During the construction of the Marais Street, an electrical cable incurred damage resulting in a power outage. CBI was approached to carry out the necessary repairs and restore electrical supply.

5. RECOMMENDATIONS

(a) that the Committee takes note of the circumstances as provided in the report and recommend to Council that the ratification of the expenditure to the amount of R75 879.05 (including Vat) be approved; and

(b) that Council ratifies the expenditure in terms of Section 4.36.1a (i) of Stellenbosch Municipality Supply Chain Policy (2017/2018).

6. DISCUSSION

Background

The construction phase for the upgrading and realignment of Marais Street, between Merriman Circle and Van Riebeeck Street, was implemented between 2014 and 2016. The Contractor had obtained the necessary wayleaves from the Municipality. Construction was underway when a 11kV electrical cable incurred damage, resulting in a power outage with the surrounding neighbourhoods experiencing a blackout. CBI Electric was called out to undertake the emergency repairs.

CBI Electric had regularly undertaken emergency repairs to damaged high voltage cables and was, at that time, the only electrical contractor in the region that had the resources to carry out the repairs.

The work carried out by CBI was based on previous practices, i.e. emergency procurement procedures were followed during electrical blackouts.

7. FINANCIAL IMPLICATIONS

The total financial implication of this ratification is R75 879.05 (including Vat). The cost for the repairs could be funded from Unique Key 20170608983740.
8. LEGAL IMPLICATIONS

The recommendations in this report comply with Council’s policies and all applicable legislation.

Supply Chain Management Policy, 4.36.1a (i)
Supply Chain Management Policy, 4.36.b
Supply Chain Regulation 36(1)
MFMA Section 32(2)

9. RISK IMPLICATIONS

The Municipality is ultimately liable for the services rendered by CBI Electric, since the Municipality had approached CBI Electric.

10. CONCLUSION

The follow-up after the emergency had not occurred as it was understood that the contractor would pay CBI Electric. It was not known at the time that the contractor would decline payment of the electrical repair.

The Department is of the opinion that the contractor could be liable for the repair cost, and proposes that the recovery of this amount from the contractor be further investigated.

11. COMMENTS FROM THE MUNICIPAL MANAGER

None

MPAC MEETING: 2018-09-18: ITEM 5.6

RESOLVED

THAT IT BE RECOMMENDED TO COUNCIL:

(a) that Council takes note of the circumstances as provided in the report, and that the ratification of the expenditure to the amount of R 75 879.05 (including Vat) be approved; and

(b) that Council ratifies the expenditure in terms of Section 4.36. 1a (i) of Stellenbosch Municipality Supply Chain Policy (2017/2018).

MEMORANDUM
INFRASTRUCTURE DIRECTORATE

To: Aan
From: Van
Job Title: Senior Manager, Roads, Transport, Stormwater & Traffic Engineering
Date: 27 July 2018
Re: Intake

MUNICIPAL MANAGER

To obtain approval in terms of Supply Chain Management Policy, 4.36.1(b) to ratify any minor breaches of the procurement processes, and arrange payment to CBI Electric, to the amount of R75 879.05 incl. vat for emergency services rendered.

1. PURPOSE

2. BACKGROUND

The specific nature of the breach:

The construction phase for the upgrading and realignment of Marias Street, between Merriman Circle and Van Riebeeck Street, was implemented between 2014 and 2016. During this period, an electrical cable had incurred damage, resulting in a blackout, CBI was called out to undertake emergency repairs.

The nature of the breach is it therefore purely technical and has arisen from a need to provide an essential service.

Ratification: CBI Electric
3. DISCUSSION

The circumstances surrounding the breach:

The Contractor, had obtained the necessary wayleaves from the Municipality. Construction was in progress when a 11kV electrical cable incurred damage. CBI Electric, was called out to undertake emergency repairs.

CBI Electric had regularly undertaken emergency repairs to damaged high voltage cables and was, at that time, the only electrical contractor in the region that had the resources to carry out the repairs.

The work carried out by CBI was based on previous practices, i.e. emergency procurement procedures were followed during electrical blackouts. The follow up after the emergency had not occurred as it was understood that the contractor would pay the supplier. It was not known at the time that the contractor would decline payment of the electrical repair. The breach is therefore excusable and justifiable.

The intent of those responsible for the breach:

The Municipality had acted in good faith, however the project manager had left the employ of the municipality.

4. FINANCIAL IMPLICATIONS

The financial implication as a result of the breach:

The municipality is ultimately liable for the services rendered by the CBI Electric. The total financial implication of this ratification is R75 879.05 including VAT.

The Department has the opinion that the contractor could be liable for the repair cost, and proposes that the recovery of this amount be further investigated.
5. **RECOMMENDATION**

That the approval, from vote 20170608983740 be granted in terms of the Municipality's Supply Chain Management Policy 4.36.1(b) to ratify any minor breaches of the procurement processes, that had resulted from emergency repairs to damaged electrical cables and ratify the payment of R75 879.05 (VAT incl.) to CBI Electric.

1. SUBJECT: CONFERMENT OF CIVIC HONOURS: ALDERMANSHIP ON CLLR PW BISCOMBE

2. PURPOSE

To obtain Council’s approval for the conferment of Aldermanship on Councillor PW Biscombe in terms of the Stellenbosch Municipal Honours By-Law of April 2002.

3. DELEGATED AUTHORITY

Municipal Council.

4. EXECUTIVE SUMMARY

In terms of the guidelines and criteria reflected in the Stellenbosch Municipal Honours By-Law (April 2002), Council may decide to bestow municipal honours on individuals.

An application was received from Councillor PW Biscombe, requesting that the title of Alderman be conferred on him as he qualifies for such honours in terms of the Stellenbosch Municipal Honours By-Law (April 2002).

According to Council’s records, Councillor Biscombe’s service as a Councillor has scored him a total of 20 points, and in accordance with the prescribed criteria, he therefore qualifies for Aldermanship.

5. RECOMMENDATIONS

(a) that, in terms of Section 6(4)(c) of the Stellenbosch Municipal Honours By-Law promulgated in Provincial Gazette 5859 of 19 April 2002, the title of Alderman be conferred upon Councillor PW Biscombe; and

(b) that, following the approval of Council, the Executive Mayor, as patron of the Stellenbosch Municipal Honours, confers the honour on Councillor PW Biscombe in an appropriate manner.

6. DISCUSSION / CONTENTS

6.1 Background

6.1.1 Application received

An application (dd 2018-09-06) was received from Councillor PW Biscombe, requesting that Aldermanship be conferred on him as he qualifies for such honours in terms of the Stellenbosch Municipal Honours By-Law (April 2002). The Application is attached as APPENDIX 1.
6.1.2 Calculation of points

Pursuant to the above application, a memorandum was submitted to the Municipal Manager, confirming that according to Council's records, Councillor PW Biscombe does indeed qualify for Aldermanship with a total of 20 points. The memorandum is attached as APPENDIX 2.

6.1.3 Confirmation by the Municipal Manager

Hereto attached, as APPENDIX 3, is the verification of the Municipal Manager, confirming that the calculations were verified and that the awarding of points was in accordance with the prescribed criteria.

6.2 Discussion

Legal Framework

Section 6(4)(c) of the Stellenbosch Municipal Honours By-Law (April, 2002) makes provision for Aldermanship to be conferred on a serving Councillor of the Stellenbosch Municipality who obtains a minimum of 20 points, as set out in the By-Law.

In terms of sub-section (5), any current serving Councillor who is of the view that he/she qualifies for Aldermanship, should notify the Municipal Manager in writing, together with the necessary detail to enable the Municipal Manager to verify the allocation of points, as per the By-Law. The By-Law is attached as APPENDIX 4.

6.3 Conclusion

Councillor PW Biscombe qualifies for Aldermanship in terms of Section 6 (4) (c) of the Stellenbosch Municipal Honours By-Law (April 2002).

6.4 Financial Implications

There are no financial implications should the recommendations as set out in the report be accepted.

6.5 Legal Implications

The recommendations in this report comply with section 6(4)(c) of the Stellenbosch Municipal Honours By-Law. The item and recommendations are supported.

6.6 Staff Implications

This report has no staff implications for the Municipality.

6.7 Previous / Relevant Council Resolutions:

The Council adopted the Stellenbosch Municipal Honours By-Law in April 2002, gazetted on 19 April 2002, number 5859.

6.8 Risk Implications

This report has no risk implications for the Municipality.
6.9 Comments from Senior Management

6.9.1 Chief Financial Officer
Finance supports the item.

6.9.2 Municipal Manager
Agree with the recommendations.

(j) the protocol regarding the handing over of Municipal honours.

8. SHORT TITLE

This by-law is called the Stellenbosch Municipal Honours By-law and takes effect on date of publication thereof.
1. SUBJECT: NORTHERN EXTENSION / LAND FOR RELOCATION OF SURPLUS HOUSEHOLDS, KAYAMANDI: PROGRESS / STATUS REPORT

2. PURPOSE

To provide Council with a progress / status report and to advise on a way forward.

3. DELEGATED AUTHORITY

Council

4. EXECUTIVE SUMMARY

On 29 November 2017 Council considered a report recommending the acquisition of certain portions of land for the relocation of “surplus households”.

Having considered the report, the Municipal Manager was, inter alia authorised to investigate / negotiate the acquisition of the land identified in the report.

Seeing that the majority of the land that was identified at the time has subsequently been sold to a third party, Council now needs to decide on a way forward, taking into account the peculiar position of Council’s own land.

5. RECOMMENDATIONS

(a) that the progress to date (lack thereof), be noted;

(b) that the Municipal Manager be authorised to further investigate the options as set out in paragraph 6.2.2 and to enter into preliminary discussions / negotiations with the relevant stakeholders, with the view of finding solutions for the future development of the Northern Extension;

(c) that the Municipal Manager reports back on progress within 3 months; and

(d) that no definitive agreement(s) be concluded without Council’s approval.

6. DISCUSSION / CONTENTS

6.1 Background

6.1.1 Council resolution

On 29 November 2017, Council considered a report recommending the acquisition of certain portions of land for the relocation of “surplus households”. Having considered the report, Council resolved as follows:
RESOLVED (majority vote)

“That the Municipal Manager be authorised to investigate / negotiate the acquisition of land, which may include land swops, land purchase and/or the early termination of lease agreements on Council-owned property in the area (lease areas), to be approved by Council before implementation”.

A copy of the agenda item and Council resolution is attached as APPENDIX A.

6.1.2 Early termination of Lease Agreement

Following the above resolution, WS Smit Boerdery (Pty) Ltd was given notice of the early termination of the Lease Agreements in relation to the following properties:

- Lease Farm 183 A, measuring 35.54ha in extent;
- Lease Farm 183B, measuring 11ha in extent;
- Lease Farm 183C, measuring 8.5ha in extent; and
- Lease Farm 183/23, measuring 20.5ha in extent.
Total of 75.54ha

6.1.3 Valuation report

Following a quotation process, Cassie Gerber, a professional valuer, was appointed to determine the market value of the following properties, registered in WS Smit Watergang Trust’s name:

- Remainder Farm 182, Stellenbosch, measuring 7.296ha;
- Portion 1 of Farm 182, Stellenbosch, measuring 1.3856ha; and
- Portion 5 of Farm 182, Stellenbosch, measuring 50.8432ha.
Total of 60.9449ha

6.1.4 Negotiations with land-owner

Following the above valuation report, a number of meetings took place with the land-owner, Mr Stefan Smit, to determine whether he would be willing to dispose of his properties, i.e. whether he is a willing seller.

Although he indicated his willingness to dispose of his land, he also suggested that the possibility of an exchange of land be investigated. Mr Stefan Smit also provided the Municipality with written correspondence to approach the Provincial Department of Human Settlements to apply for funding to acquire the land for a housing development (see attached ANNEXURE B).

6.1.5 Application for financial assistance by Provincial Department of Human Settlements (PDoHS)

After Council initially approved the conceptualisation of the Northern Extension development in 2016, discussions took place with PDoHS to escalate this proposed developments into a catalytic project. This meant that additional funding would be made available should the development proceed. The PDoHS indicated that they would favourably consider to add this development as a catalytic project in conjunction with the current active catalytic projects in the Western Cape. PDoHS then would take a leading role in implementing such a catalytic project.
Seeing that Mr Smit has indicated his willingness to dispose of his land, and after discussions with some senior representatives of the PDoHS, a formal application for financial assistance to purchase the said properties was submitted to the PDoHS on 17 August 2018.

6.1.6 Disposal of properties to 3rd party / developer

Before a formal Offer to Purchase (OP) could, however, be made to Mr Smit, the Provincial Department of Human Settlements informed the Municipality that the properties under consideration were indeed sold to a 3rd party / developer, i.e. Asla Devco (Pty) Ltd.

A deputation of Asla Devco (Pty) Ltd met with senior management on 11 September 2018 and 17 September 2018, respectively. At the said meetings it was confirmed that their company has a purchase agreement with WS Smit Boerdery (Pty) Ltd. They indicated that according to their analyses, to successfully address the challenges with the housing need, an integrated development project which includes the land belonging to the Municipality be made available. The representatives of PDoHS were present at the last engagement with Asla Devco (Pty) Ltd and it was agreed that this particular matter will be reported to Council to provide the administration with a way forward.

6.2 Discussion

6.2.1 Location and context

The properties under discussion are located to the northern side of Kayamandi, as indicated in figures 1, 2 and 3 below.

6.2.2 Options available to Council

Taking into account the peculiar position of Council’s owned land vis-a-vis the land that has now been sold to Asla Devco (Pty) Ltd, Council could consider *inter alia* the following options:

a) Focus on its own land i.e. develop it through a turn-key developer (public tender process); and

b) Make the land available to the Provincial Department of Human Settlements by way of a Land Availability Agreement (LAA) to be developed (together with other land) as a provincial mega housing project.

APPENDIX A

Previous Council resolution dated
2017-11-29
8.3.2 KAYAMANDI: LAND FOR RELOCATION OF SURPLUS HOUSEHOLDS

Collaborator No:  
IDP KPA Ref No: Dignified Living  
Meeting Date: 29 November 2017

1. SUBJECT: KAYAMANDI: LAND FOR RELOCATION OF SURPLUS HOUSEHOLDS

2. PURPOSE

To obtain Council’s approval to investigate the possible acquisition of land for the relocation of surplus households that cannot be accommodated in the three current Upgrade of Informal Settlements projects in Kayamandi.

3. DELEGATED AUTHORITY

There are no delegations in the current System of Delegations and therefore Council’s approval is required to authorize the investigation.

4. EXECUTIVE SUMMARY

The application is for the acquisition of additional land for housing to accommodate the surplus households from the three current projects in Kayamandi / Enkanini. There are an estimated 7 402 informal structures in Kayamandi / Enkanini. Only about 1 010 households can be accommodated on 12.62ha of land in Enkanini, leaving a surplus of 2 288 households from this area. 703 households can be accommodated in Zone O implying that 621 households of a total of 1 324 informal structures need to be relocated. Kayamandi Town Centre the demand is estimated to be in the region of 2 780 units. This is represented in the Table below:

It is not possible to provide for the total demand of units on land currently available in Kayamandi / Enkanini and additional land is therefore required for either temporary or permanent relocation of surplus households. Preliminary investigations have indicated tracts of vacant land surrounding Kayamandi, particularly to its north and north-west.

5. RECOMMENDATION

That the Municipal Manager be authorised to investigate / negotiate the acquisition of land, which may include land swaps, land purchase and /or the early termination of lease agreements on Council-owned property in the area (lease areas), to be ratified by Council before implementation.
6. DISCUSSION / CONTENT

6.1 Background

Various projects for the redevelopment of existing areas, Enkanini, Zone O and Kayamandi Town Centre, are currently under way and cannot be finalised unless additional land is identified and secured in order to accommodate the surplus households that are not able to be accommodated within the project areas.

6.2 Discussion

There is an estimated 7 402 informal structures in the Kayamandi / Enkanini area, made up as follows:

- 2 780 units in Town Centre Primary and Secondary Areas (Zone A to P),
- 1 324 units in Zone O, and
- 3 298 units in Enkanini

A study currently underway in Enkanini found about 12.62ha of land in this area to be developable. This land will only be able to accommodate around 1 010 households at a density of around 80 du/ha leaving a surplus of approximately 2 288 households to be relocated. Similarly, in Kayamandi Zone O there is potential to accommodate around 703 households with a surplus of 621 households to be relocated. In Kayamandi Town Centre the demand is estimated to be around 2 780 units and three alternative scenarios investigated will result in either 1 715 households, 1 111 households or around 300 households to be relocated.

The total surplus in Kayamandi / Enkanini could therefore range between 3 209 and 4 624 households and alternative land needs to be found to accommodate them. The Draft Framework Plan for the Northern Extension Area indicated approximately 122ha of available land which could yield around 5 200 units. Broad authorisations have already been granted in relation to the Northern Extension and this item is not intended to replace any of these.

There are significant extents of land surrounding Kayamandi, particularly to its north and north-west, that are in both public (Stellenbosch Municipality) and private ownership and could possibly be suitable and available for housing development. Purely from a land acquisition point of view, it is considered prudent that Stellenbosch Municipality become more proactive in the identification and sourcing of land for housing development. In order to achieve this it is required for the Municipal Manager to be authorised to investigate / negotiate the acquisition of land which may include land swaps, land purchases and/or early termination of leases on Council-owned land in the areas surrounding Kayamandi. This would be a purely investigative exercise at this stage and any proposed action will need to be ratified by Council before implementation.

6.3 Financial Implications

Budget provision will be made depending on what land acquisition option is deemed prudent.

6.4 Legal Implications

Legal services supports this item.
6.5 Staff Implications

No staff implications

6.6 Previous / Relevant Council Resolutions

None

6.7 Risk Implications

There are no risks at this stage apart from the risk of current projects being delayed as a result of not doing anything in respect of land acquisition.

6.8 Comments from Senior Management

6.8.1 Director: Infrastructure Services

In support of the recommendation.

6.8.2 Director: Planning and Economic Development

In support of the recommendation.

6.8.3 Chief Financial Officer

In support of the recommendation.

During a site visit to Kayamandi, the Head of Department: Western Cape Department of Human Settlements, indicated the willingness of his Department to assist with the acquisition of land to alleviate the overcrowding in Kayamandi. The Western Cape Department of Human Settlements would therefore play a significant role to provide funding should the acquisition of land become an option.

14TH COUNCIL MEETING: 2017-11-29: ITEM 8.3.2

RESOLVED (majority vote)

that the Municipal Manager be authorised to investigate / negotiate the acquisition of land, which may include land swaps, land purchase and /or the early termination of lease agreements on Council-owned property in the area (lease areas), to be approved by Council before implementation.

ANNEXURE B

Correspondence from land-owner, Mr Stefan Smit
17 August 2018

The Head of Department
Department of Human Settlements
Western Cape Government
27 Wale St, Cape Town City Centre
CAPE TOWN, 8000

Attention: Mr Thando Mguli

RE: APPLICATION LODGED BY STELLENBOSCH MUNICIPALITY FOR FUNDING TO ACQUIRE LAND FOR HOUSING DEVELOPMENT

I have been approached by Stellenbosch Municipality to give consent to portions of land (183/5) that is 60 hectares in extent, under the ownership of my entity (WS Smill Watergang Trust) to be considered for acquisition towards the development of a human settlement neighbourhood.

I herewith confirm that I have indeed considered the request and I consent to the land being identified, valued and negotiations ensuing to a point where there is consensus reached on the purchase price.

Yours sincerely,
